## School Board Will Meet With Amarilloans On Property Annexation

Canyon School Board members will meet in the near future with Amarillo School Board members to discuss the possible annexation of several sections of soon-to-be-developed land now in Canyon School District by the Amarillo district.

Amarillo School Board members extended an invitation for a joint meeting on the annexation during a Monday night meeting.

"We're willing to sit down and discuss it," Canyon Supt. Jerry Jacobs said Tuesday. "As far as anything else, I don't think we're willing to do anything."

Canyon School Board members have expressed reluctance to allowing the Amarillo district to annex the property which is just south and west of the south Amarillo district boundary line.

Jacobs said several Canyon board members have met recently with Amarillo board members to discuss the annexation.

The News learned in early March that petitions supporting the annexation were being circulated among residents in the area concerned. Prime movers in the annexation plea, The News learned, were several developers with property in the affected area.

W. W. "Bill" Carter, Amarillo School Board member who heads a future planning committee, said his committee was formed early this year primarily to eye annexation of the property in question.

He said his committee has made no recommendation to the Amarillo board concerning the property.

No petitions have yet been

presented either board concerning the annexation.

Carter said his committee's report will be submitted some time following the joint Amarillo-Canyon boards meeting.

"We want to talk with the Canyon Independent School District to see what impact various plans for annexation would have on them," he said, "and we want to see if some mutual agreement could be worked out to have a minimal adverse impact on both districts."

Figures presented Canyon board members by Tax Assessor Collector Conway Kuykendall indicate that the Canyon district would lose about \$30,000 in annual tax revenue alone if the property is annexed by Amarillo.

"We don't want to do anything that would have an adverse

effect on Canyon, but I hope they can understand people living right next to Amarillo school district wanting to go to Amarillo schools," Carter said.

The annexation problem was first alluded to last fall when developers just south of the new Amarillo High School building approached school board members to see if plans are in the mill to build a new school in the north part of the Canyon district.

Bill Simpson, a developer in the area under scrutiny, told The News earlier he had asked the Canyon board to release the property to the Amarillo School District.

Simpson told the News he feels the fact that children from families who locate in the affected area would attend Canyon schools might make his property harder to sell.

In recent weeks, Canyon board members have met numerous times in closed-door sessions to discuss the possibility of purchasing a building site for a new school in the north part of the county.

Canyon school board members have expressed little interest in allowing the Amarillo district to annex the property to its south and west.

Dr. Dudley Moore, school board president until recently, has told The News he feels board members will not be anxious to see the property annexed by Amarillo.

The usually inactive Randall County School Board of Trustees has also become involved in the annexation question since the county board acts as arbitrator in any annexation dispute (See BOARD, page 10)

Sheriff Cliff Longest and other deputies mounted the bucket of the Canyon Fire Department's big truck to whisk to the top of the county courthouse Monday to survey damage suffered during last Thursday's dust

storm. The storm blew over the sheriff's department radio antenna. Justice of the Peace W. A. "Bill" Wilson, watched the Monday operation from his second-story office window (far left).

## Bond Rating Considered Excellent For Hospital

Moody's Investors Service of New York City has assigned a BAA-1 rating to the proposed South Randall County Hospital District revenue bonds. The rating is considered excellent by local officials.

Hospital administrator Ray Grimes expressed satisfaction with the bond rating Tuesday after learning of Moody's action.

Hospital board members are still waiting to receive a rating from Standard and Poor's of New

York.

"I'm really pleased with that rating," Grimes said. "It should really help on our interest rate."

The hospital district board, waiting now for completed plans for a 50-bed hospital construction in Canyon, proposes to issue \$800,000 in revenue bonds which will be retired by income from the hospital.

The board has already issued \$800,000 in tax bonds to be retired by district taxpayers.

The new hospital is expected to cost just under the \$1.6 million figure.

"It's an excellent rating for a hospital revenue bond," said Bob Davis of Columbia Securities Corp., who has advised the board in seeking bond ratings. "Many times they won't even rate bonds for hospitals. Most hospitals are not in a financial position to ask for a rating."

Davis said the BAA-1 rating could mean a savings of as much as one per cent interest charge on the revenue bond issue.

He said the investors service had initially reported a BAA rating for the hospital bonds.

"I protested and furnished them with more information and they came back with the BAA-1," he said. "I was really tickled with the BAA, but I felt there was no harm in trying for the better rating."

Davis said Neblett Hospital in Canyon is one of only three hospitals in the Panhandle which has a favorable financial picture.

"(The rating) is indeed a compliment, not only to the South Randall County Hospital District, but to the Neblett Hospital Foundation also, inasmuch as it provided a past history of hospital operations in the area, and very favorable operations at that," Davis said.

The best bond rating available from Moody's is a AAA rating. Davis said only two agencies in the state have a AAA rating, and one is the state of Texas itself.

Hospital district board members traveled to New York City several weeks ago to meet with representatives of the two investor services and to present information about the hospital district.

Grimes said even though the district now has a bond rating, the board must wait until plans for the new hospital are completed and bids are let before bonds can be issued.

"You and the members of your board are to be congratulated on the very excellent materials furnished Moody's Investors Service and for the very fine presentation made before them in New York," Davis said in a letter to Grimes.

## Athletes To Hear Landry During Christian Rally

More than 200 junior high, high school and college athletes will gather at Ceta Canyon in Randall County this weekend for a Fellowship of Christian Athletes conference.

Featured speaker for the two-day conference will be Dallas Cowboy Head Coach Tom Landry.

Sixteen varsity football players from West Texas State University are expected to attend the conference and act as huddle leaders.

Richard Bell, defensive coordinator for the Texas Tech Red Raiders, said 16 players from Tech will also attend and act as huddle leaders.

Bell, who is heading up the conference, said registration begins at Ceta Canyon at 4:30 p.m. Friday.

All male athletes in junior high, high school or college are invited to attend the conference, which concludes at noon Sunday.

"All they have to do is bring some clothes and something to sleep on," Bell said.

Cost for the conference to each participant is \$15 to cover food. Following registration Friday afternoon, Texas Tech football coach Jim Carlin will speak in an 8:30 assembly.

Another assembly begins at 9 a.m. Saturday featuring speeches by Ed Mooney, former Tech footballer now with the Detroit Lions, Ted Coy, former University of Texas player now with the Buffalo Bills, and Bill McKinney, former WTSU player now with the Chicago Bears.

Coach Landry is expected to speak at 2 p.m.

Appearing before Landry will be The Imperials, a five-member gospel singing group from Nashville, Tenn.

Lanny Voss, student minister at the First Baptist Church in Lubbock will speak at 7:30 p.m. Saturday.

Bill Krisher, regional director for the Fellowship of Christian Athletes, will speak at 11 a.m. Sunday to close out the conference.

Bell said the purpose of the conference is to show young people the relationship between Jesus Christ and athletics and everyday life.

He said the conference is patterned after a typical four-to-five-day FCA conference which is usually held during summer months.

## Ired Women, Spurned Again, Will Keep Trying On Road

A group of North Randall County women, whose hopes that the county will pave their dirt road were dashed Monday for the second week in a row, told commissioners they'll be back May 7 to ask again.

The women, led by Mrs. Fern Patterson, want four miles of Hope Road in the north part of the county either caliche or paved by the county.

They had said two weeks ago they would try to obtain caliche and trucks to upgrade the road themselves.

Commissioners Monday did not flatly refuse to caliche the road, but indicated they are extremely reluctant to do so without receiving financial participation in the project from the residents along the road.

Mrs. Patterson told commissioners the women returned home after meeting with commissioners two weeks ago to present the idea that they caliche the roads themselves to their husbands.

"Most of them (the husbands) felt we've lived out there long enough and we've paid enough taxes that we should get a road," she said.

She also said she had checked with the Texas Highway Department about traffic standards for the dirt road and was told "with two cattle companies on one road, that should warrant an all-weather road."

Mrs. Patterson outlined the traffic which is generated by the two cattle feedyards on the road.

She said 27,000 cattle are fed in the feedyards on an annual basis and the cattle must be brought in and taken out. In addition, feed must be provided on a weekly

basis. Dead cattle must be hauled away.

"That is traffic that has nothing to do with us women and school buses and other traffic," Mrs. Patterson said. "We're in a terrible predicament out there and we do desperately need some help."

"Your situation is not unique," Commissioner Jim Fletcher told the women. "You're in the same situation as others."

Fletcher said one particular road in his precinct is also in miserable shape and badly needs surfacing. But he said he has told residents along that road that the county simply cannot afford to surface the road at this time.

"I thought there was such a thing as progress," Mrs. Patterson said. "I thought if you put in a place, the county would help you. From now on I'm going to tell people not to buy out there because there's a dirt road and the county won't pave it. You don't want me to say that, do you?"

Mrs. Patterson also asked about the recent county expenditure for paving of the Nance Ranch road.

(See IRED, page 10)

With his hair plastered to his forehead by rain, a baseball glove over his handlebar, this youngster takes a disappointed ride home during a sudden rainstorm Monday afternoon here. The storm brought almost 1/4 of an inch of rain to the Canyon area Monday afternoon, and was followed by another rainy session Tuesday night.

## High School Names Officers, Pep Squad

Student officers and cheerleaders for the 1973-74 school year have been announced by Canyon High School following recent student elections.

Student Council officers will be Marc Guy, president; Russell Killingsworth, vice president; Charlyne Moulton, secretary; and Sheryl Sommer, treasurer.

Senior class representatives to the Student Council will be Becky Basinger, Cindy Cawthon and Susan Cox.

Junior class representatives to the Student Council will be Garre LaGrone, Sally Emerson and Cody Dodson.

Sophomore class representatives to the Student Council will be Joeline Crow, Roma Johnson and Shelley Dozier.

Steve McDaniel will serve as president of the next year's senior class. Other senior class officers will be David Barrett, vice president and Carla Swartzell, secretary. There were no candidates for treasurer in the senior class.

Kelly Forehand will be president of the junior class. Other officers will be Charlyne Moulton, vice president; Debbie Taylor, secretary; and Sue Green, treasurer.

Sophomore class officers will

be Don Thompson, president; Roma Johnson, vice president; Doris Brazile, secretary; and Kelly Cox, treasurer.

Cheerleaders for the coming school year will be seniors Tracie Erwin and Becky Basinger; juniors Karon Tompkins and Tanya Kent; and sophomores Nickie Abbott and Sheryl Dees.

\* Help commission members and staff become aware of local opinion on the strengths and weaknesses of the Texas Constitution.

\* Meet with the commission as it conducts hearings in the local area.

\* Aid in the dissemination of the findings and recommendations of the commission.

One member of the 37-member commission is from the Panhandle—Wales Madden of Amarillo.

Pond has been county judge here since 1970. He had

previously been juvenile probation officer and has also served as county judge of Roberts County.

He is president of the Panhandle County Judges and Commissioners Association, and the Texas Panhandle Community Action Corporation. He is also a (See TWO, page 10)

Two Canyon area residents have been named to a local citizen advisory committee for the Texas Constitutional Revision Commission.

County Judge Woody Pond of Canyon and Mrs. Helene McFarland of Happy will serve on the committee, which will provide input for the 37-member commission, which is studying revision of the state constitution.

The two were asked to serve on the committee by Judge Robert W. Calvert, chairman of the revision commission.

They were to have met Tuesday night with members of the revision commission prior to the Wednesday public hearing on the constitutional rewrite in Amarillo.

Calvert says in a letter to Pond and Mrs. McFarland that the citizen advisors will be asked to:

\* Help commission members and staff become aware of local opinion on the strengths and weaknesses of the Texas Constitution.

\* Meet with the commission as it conducts hearings in the local area.

\* Aid in the dissemination of the findings and recommendations of the commission.

One member of the 37-member commission is from the Panhandle—Wales Madden of Amarillo.

## Just Leave In Vault And Wait

## What To Do With \$15,000 In Jewels?

What do you do with more than \$15,000 in turquoise and silver jewelry when nobody seems to want to claim it?

You just leave it in a locked vault and wait, according to Sheriff Cliff Longest.

It's been two weeks now since the jewelry was discovered in the rear of a light airplane which had crashed in the north part of the county, and Longest still has yet to be contacted about what to do with the bracelets, brooches, necklaces and pins.

The lack of a claimant adds to the mystery surrounding

the jewelry and the man who died in that April 12 plane crash, Roland Scheid, a 39-year-old television store owner from Albuquerque, N.M.

Oh, Longest has had nibbles every now and then, but no one from New Mexico has come to Canyon to eye the jewelry and nobody seems particularly anxious to recover the property.

A New Mexico jewelry store owner and the sheriff from his county were to come to Canyon shortly after the jewelry was found in the

plane wreckage, but Longest has not heard from them.

An Albuquerque detective was to come to Canyon for the same purpose earlier this week. He hasn't shown up yet.

Scheid's wife, Janice, has never mentioned the jewelry nor asked for its return during several conversations with Randall County deputies.

"All I know is that I've got it in the safe," Longest said this week. "Nobody's said doodly-squat about it."

"You'd think somebody'd

be hollering for it."

Federal agents, who early in the week of April 8 raided Scheid's Albuquerque residence and discovered hundreds of loaded rifles and a substance believed to be narcotics, have taken pictures of the jewelry, but Longest has yet to hear from them either.

Albuquerque news sources have reported that jewelry of the type now in the Randall County safe was reported stolen in several recent burglaries in that New Mexico city, but, again, nobody's bothered to come here.

# Large Easter Sunday Crowds Visit Sunrise Service, Park and Lake

Thousands of persons, including worshippers, campers, fishermen and sightseers flooded recreation facilities in the area Easter Sunday, taking advantage of one of the most spring-like days of the year.

At Palo Duro Canyon State Park, officials said 2,263 vehicles passed through the gate, including 250 cars enroute to the Sunrise Easter Service which began at 6:15 a.m.

The Easter Service, held under clear skies, drew from 700 to 800 early morning worshippers. The attendance was about equal to that of the past several years, said one church spokesman.

Buffalo Lake played host to an estimated 8,000 persons on Sunday, many of them fishermen who were taking advantage of the first open fishing season there in five years.

On Saturday, 584 cars were counted at Palo Duro Canyon and Buffalo Lake reported visitors numbering more than 4,000.

According to lake officials, fishing over the weekend was not as good as it had been during the first two weeks the lake has been open to anglers.

"We didn't get a chance to check too much on the fishing though," said one officer. "We were too busy putting out grass fires and pulling stuck cars out of the mud."

The officer said three fires were started around the lake Sunday, and that several cars pulled down near the water and sunk into the mud.

Trash was also a problem over the weekend and crews were busy during the early part of the week tending to clean-up chores.

"We always get a lot of littering when we have the big holiday crowds," one spokesman said. He added that the normal fishing and camping crowd does not tend to litter quite so badly.

The shoreline of the lake was heavily dotted with fishermen on Monday until they fled the heavy rain that blew into the area late in the day.

## New Soil Map Is Available

A multi-colored general soil map of Texas has been published and is available for sale to the public, according to John O'Connor, district conservationist for the Soil Conservation Service.

O'Connor said the map, which shows information compiled from years of soil work by the SCS in cooperation with the Texas Agricultural Experiment Station, lists basic soil information useful to teachers, planners, conservationists, contractors, engineers, developers, realtors, farmers, ranchers, researchers and others.

The map gives color delineations of the 73 major soil associations in the state. It also lists special limitations of the soils that affect their use.

Inset maps show rainfall, temperature and length of growing season across the state.

The map is available in two sheets or printed front and back. Printed front and back, the map costs \$3. Printed on two separate sheets, the map costs \$4.

It may be purchased from the Department of Agricultural Communication at Texas A&M University.

## Pro-Am Tourney Rained Out

The West Texas PGA Pro-Amateur Tournament set for Monday at Canyon Country Club was rained out in the afternoon. It will be rescheduled later at a date as yet undetermined.

According to Dude Kinkade, pro, 104 golfers had paid their entry fees for the tournament. This number was the largest ever recorded for a pro-am tournament at Canyon Country Club.

Jim Howe, business manager at Neblett Memorial Hospital, and Dr. David Miller, look over the literature for Texas Lions Camp for Crippled Children at Kerrville. Having counselled at the camp in former years, both are enthusiastic in the facilities it has to offer.

## Lions Strongly Support Camp For Handicapped

A well-rounded camp experience in the beautiful hill country of central Texas is within the reach of any crippled or handicapped child — if he will only contact some member of a local Lions Club.

Texas Lions Camp for Crippled Children at Kerrville is located on 504 wooded acres with 17 permanent buildings that can accommodate over 700 youngsters a summer.

Because the camp provides one staff member for every two campers, each boy or girl is assured of the kind of experience that will stretch his physical and mental skills. Activities such as swimming lessons and craft lessons are designed to give the handicapped children and young people confidence in themselves and the encouragement to develop their interests further.

"This really works and is a fantastic experience for the kids," says Dr. David Miller, a former counselor and now member of the local Lions committee for the camp at Kerrville. The committee made up of Bob Parks, chairman, John Boone, Dr. W. J. Wooten, and Dr. Miller are urging parents to contact them for application blanks for the camp.

Since its organization in 1953 the Lions Camp for Crippled Children has been a favorite project of the club. It is supported mainly by allocation of 50 cents of each member's annual dues, and also by certain fund-raising activities. The local Lions Clubs will provide transportation to and from the camp for any child in their area.

## Jr. Girls Sweep Dist. Track Meet

The three girls track teams of Canyon Junior High School swept to first place victories in the district track meet held in Panhandle. The varsity girls of Canyon High School took second place in their competition.

The 7th grade girls scored 149 points, the 8th grade girls picked up 143 points and the 9th grade team won with 246 points.

In high school competition, Panhandle topped the girl Eagles 154 to 131.

In the 440 relay, the 7th grade finished 6th, the 8th grade second and the 9th grade placed first. The winning 9th grade time was 52.6.

In the 440-yard dash, 7th grader Mary Johnson was second with 64.9; and 9th graders Louise Davis and Joe Crow were first and second with times of 64.2 and 67.5.

The 220-yard dash, 7th grader Kim Wallace was second at 28.2; 8th grader Lisa Cathy was second with 28.5; and 9th graders Robena Johnson and Marci Davis were first and third with 26.1 and 28.5.

Seventh grader Mary Johnson led in the 60-yard dash with 7.6 and Susie Wright was fourth with 7.9; 8th grader Cindy Baldridge was second with 7.6; and Robena Johnson and Brenda Glenn were first and second with 7.3 and 7.4 in 9th grade action.

80-yard hurdles: 7th grade, Janet Umberson, 2nd with 13.7 and Glenda Williams 3rd with 13.8. 8th grade, Becky Williams 3rd with 12.9 and 9th grader Carri Camfield was 1st with 12.1.

Other winners included:

100-yard dash — 7th grade, Mary Johnson, 1st with 12.0.

880-yard relay — 7th grade 2nd with 2:00.2; 8th grade 2nd with 1:55.0; and 9th grade 1st with 1:54.9.

660-yard run — 8th grade, Becky Williams 2nd with 1:58.1 and 9th grade, Eloise Thompson 1st with 2:50.3.

High jump — 7th grade, Mary Johnson, 2nd, 4-6; 8th grade, Lisa Cathy, 1st, 4-8; 9th grade, Carri Camfield, 1st, 4-6; Jo Groves, 2nd, 4-6 and Louise Davis 3rd, 4-4.

Triple jump — 7th grade, Kim Wallace, 1st, 29-9; 8th grade, no results known; and 9th grade, Robena Johnson, 1st, 33-2; and Cheri Webber, 2nd, 30-7.

Long jump — 8th grade, Lisa Cathy, 1st, 16-1; and Deddie Johnson, 3rd, 15-2; 9th grade, Robena Johnson, 2nd, 15-0.

Shot — 7th grade, Susie Booth, 1st, 23-6; and Linda Warren, 2nd, 23-5; 8th grade, Pam Woolsey, 2nd, 29-8; 9th grade, Vicki Gerber, 1st, 31-4.

Discus — 7th grade, Susie Booth, 1st, 74-6 and Kay McCormick, 2nd, 64-4; 8th grade, Pam Woolsey, 2nd, 89-3; and 9th grade, Vicki Gerber, 1st, 94-10.

# Beef Seminar Today To Feature Experts

A seminar featuring three nationally-known agriculture experts will be conducted today on the West Texas State University campus in conjunction with the Texas Beef Conference set Friday in Amarillo.

The beef seminar, to begin at 3 p.m. in room 202 of the WT Activities Center, will be attended primarily by WTSU students and faculty and members of the High Plains Nutritional Council and the Academy of Veterinary Feedlot Practitioners.

Featured on the seminar panel will be two California beef experts and a Cornell University researcher.

Don Beerwinkle, acting head of the Animal Science Department at WTSU, said the session, which will end after 5 p.m. today, will be conducted on an informal basis.

Moderator for the discussion will be Cal Parrott, president of the High Plains Nutritional Council in Amarillo. He is a Texas A&M extension feedlot specialist.

Dr. Willard Visek, professor of nutrition and comparative metabolism in the animal science department at Cornell University, will speak briefly on Nitrogen and Cattle.

Dr. Harold H. Cole, professor emeritus of animal science at the University of California, will speak on Hormones and Feedlots.

Dr. Glen Lofgren, professor of animal science at the University of California, will speak on Management. Dr. Lofgren is president of the American Society of Animal Science.

Following discussion with the three experts, they will be taken on a tour of the Nance Ranch facilities of the university.

The three are featured speakers at the Friday Texas Beef Conference in Amarillo.

Dr. Charles Smallwood, dean of the School of Agriculture at WTSU, will preside at one program section for the beef conference Friday.

## Soil Conservation Measures Helped Abate Dust Storm

Last Thursday's dust storm would have been even worse had farmers and ranchers in the Panhandle not been practicing the latest conservation methods, according to John O'Connor, district conservationist with the Soil Conservation Service.

O'Connor said good conservation practices saved county land from serious damage due to the high winds which swept through the Panhandle last Thursday.

He said only about 5 percent or less of the land in the county was severely damaged by the windstorm.

O'Connor noted that a good protective plant cover reduced dust in the county and emergency measures taken by farmers also helped alleviate further damage due to the winds.

"I hate to think what it would have been like if people hadn't been applying conservation measures," he said.

## Club Program Is On America

The George Louder home, 1209 20th St., was the setting for the April meeting of Heritage Woman's Club. Mrs. Virginia Cotton was co-hostess.

Mrs. Darlene Hollobaugh, president, read her President's Report, which had won first place at the recent Top of Texas District Convention.

An Americanism program entitled "Tour America" was presented by Mrs. Virginia Cotton and Mrs. Portia Tillinghast, who gave highlights with slides of their vacations.

The Heritage Woman's Club will meet Monday evening May 21 at the Baptist Student Union for initiation of new members and installation of officers.

Guests attending the meeting were Mmes. Karen Crossland, Judy Reeves, Tricia Sims, Kay Miller, Trudy Phillips, and Jean Curtsinger.

## CHS 'JETS' Attend A&M Contests

Six Junior Engineering Technical Society (JETS) from Canyon High School attended that organization's conference and contest at Texas A&M recently.

The CHS team placed tenth in a field of 63 teams in physics, and 20th in a field of 72 in chemistry.

Canyon students attending were seniors Mike Bromley, Teresa Engler and Matt Hanson and juniors Carla Dwyer, Sheila Thomason and Mary Townsend.

They were accompanied by their sponsor, Mrs. Treasure Brasher.

## Eagles With 4-1 Setback

The Canyon High School baseball Eagles dropped their second District 1-AAA loss Tuesday afternoon when the Lobos of Levelland went home with a 4-1 decision.

Levelland opened the game with a run in the top of the first inning but the Eagles came back to make it 1-1 in the bottom half.

Eagle scoring came on back-to-back singles by Wayne Pitt, Ed Lair and Gary Gerber but the rally ended with the lone run when Lobo fireballer Duane Humble fanned Bill Moore, Ronnie Cates and Doug Day to end the threat.

Both teams went scoreless in the second, third and fourth innings but Levelland picked up another pair of runs in the fifth and added the final tally in the seventh.

Humble managed to reach back for his strikeout pitch on 11 occasions, leaving 13 Eagle baserunners stranded. Humble walked only two batters while allowing eight hits.

Lair went the route for the Eagles, giving up only five hits, five walks and whiffing seven.

The loss left the Eagles, who split a doubleheader at Clovis last Friday, with a 6-9 season mark. Their next outing will be against Levelland Tuesday on the road.

# DEKALB Silage pays you a Bonus!

**IN GRAIN** Rugged DeKalb XL hybrids put an ear on every stalk. Produce high quality grain.

## Canyon, Happy Bands To Attend Festival

Bands from Canyon High school, Canyon Junior High School and Happy High School will take part in the Greater Southwest Music Festival to be held in Amarillo May 3, 4 and 5.

The high school choir, which will be enroute to and taking part in the Sea-A-Rama Choir Contest in Galveston, is not entered in the Amarillo festival.

## Music Head Named VEEP Of Assn.

The chairman of the West Texas State University music department has been elected vice president of the Texas Association of Music Schools.

Dr. George Umberson was elected at the annual meeting of the association recently in Dallas. Dr. Fisher Tull of Sam Houston State University was re-elected president.

The association is composed of 74 representatives from institutions of higher learning throughout Texas.

Prior to coming to WTSU in 1970, Umberson served as chairman of the vocal department at Eastern New Mexico University for 10 years. While there, his choir was selected to perform for the New Mexico Music Educators convention, the Southwest division convention of the Music Educators National Conference and the national convention of the American Choral Directors Association.

Since coming to Texas he has been named chairman of a statewide committee to study teacher education training in the state and has been active as an institutional representative of the National Association of Schools of Music.

The schedule for Canyon and Happy bands is as follows:

Thursday—Canyon Junior High School, 10:20 a.m. at Caprock High School.

Friday—Canyon High School, 9:40 a.m. at Amarillo Civic Center Auditorium, and the Canyon Stage Band, 11:50 a.m. at the Civic Center Coliseum.

Saturday—Happy Band, 9:10 a.m. at the Civic Center Auditorium.

According to the schedule, each band will perform for a period of about 20 minutes.

The annual festival is expected to attract some 14,000 persons, including more than 11,000 entrants from 98 schools in 70 cities from Texas, Oklahoma, Kansas, New Mexico, Colorado and Tennessee.

In addition to the school musicians, guest groups and artists will be featured each night.

On Thursday, beginning at 8 p.m., the West Texas State University Band will perform, along with jazz trumpeter Clark Terry, the "Falconaires" stage band from the U.S. Air Force Academy, and percussionist Roy Burns.

On Friday, also beginning at 8 p.m., The Association will provide professional entertainment, and on Saturday at 8 p.m. the Amarillo Symphony will perform.

The events are sponsored by the Greater Southwest Music Festival, Inc., of Amarillo, a non-profit organization.

## Key Clubbers To Attend Conference In Houston

Seven members of the Key Club of Canyon High School will attend a three-day district conference in Houston beginning Friday.

Student Council officers for the 1973-74 school year at Canyon High School will be Sheryl Sommer, treasurer; Charlyne Moulton, secretary; Marc Guy, president;

and Russell Killingsworth, vice president. They were elected during recent voting by the school's student body.

## Bufs To Play Benefit Game In Hereford Saturday Night

West Texas State University's football team, featuring new offensive and defensive formations, will end its spring training with a 7:30 p.m. benefit game Saturday in Hereford.

Profits from the game will go to the Hereford Kiwanis Club. Members of that organization are selling tickets to the game at \$1.50 for adults and 75 cents for children.

Coach Gene Mayfield's Buffaloes are operating out of both the I and Wishbone offensive formations this spring. The balance between the two has given the Buffalo defense trouble during the two scrimmage sessions this spring.

From the I, the Buffaloes are able to have a more effective passing attack. Using only the Wishbone-T formation last fall the Buffaloes led the Missouri Valley Conference in rushing yardage with an average of 260.3 yards per game, but were last in passing offense.

Mayfield and his staff set out this spring to get more balance in the Buffalo attack. Veteran quarterbacks Bob Sweat and Mike Wartes and junior college transfer Don Nava have all been effective throwing the ball this spring.

While the passing attack has improved during the training period, the ground game — featuring veteran backs Cole Fraley, Jimmy Lisle, Clois Burgess, Rick Schleider and Mickey Matthews — has remained consistent. All-

American candidate running back Billy Pritchett has missed all of spring drills because of surgery to correct a knee injury.

Mayfield and his staff won't divide the team for Saturday's scrimmage until later in the week, but they will probably pick a first unit to go against a second unit group.

On defense, the Buffaloes have been using a five-man front, rather than the four-man forward wall as used much of last fall. All-conference defensive end Walter Hibbler plays in a standup position and becomes a linebacker in passing situations. Several players will miss Saturday's scrimmage because of injuries. Pritchett and returning regular linebacker Bruce Davis both underwent surgery prior to spring practice. Both are expected to be at full strength in the fall.

Allen Mullins, the 6-5, 248-pound offensive guard from Sunray, injured a knee two weeks ago and will miss the final game. Defensive end Larry Bates has a deep thigh bruise and will miss the scrimmage Saturday.

Freshman wingback Eddie Richardson of San Angelo had his arm and shoulder injured in a boating accident last weekend and will be unable to play.

## WT Netters Take On ORU

Coach David Kent's Buffaloes enter their final week of competition before playing May 19-21 in the Missouri Valley Conference Tennis Tournament.

The Buffaloes play today, Friday and Saturday in the Oral Roberts University Team Tournament. Following that event they will take a break until the MVC tourney in Memphis, Tenn.

The Buffaloes will attempt to improve on their 15-5 season record against the likes of Oral Roberts University, Northeast Louisiana, Tulsa, Oklahoma State, Southwest Baptist, Austin Peay and Northeast Missouri.

"Austin Peay and Oral Roberts University will be the toughest teams in the tournament for us," said Kent. "We defeated ORU earlier this year in Canyon, but Oral Roberts University seems to play better at home."

The success of Kent's team this year has fallen upon the fourth, fifth and sixth singles players and the three doubles teams. Fourth man Dale Corbin, Wichita Falls junior, has a 15-5

## 29 Initiated In WT Society

Twenty-nine students were initiated into Kappa Delta Pi, honor organization in Education, this month at West Texas State University.

Amarillo juniors Eric Robinson and Rita Orbal were elected president and vice president of the organization.

Eleven students from Amarillo were initiated. They were seniors Linda Hicks, Iva Obel and juniors Jeanne Bittling, Janet Colvin, Terry Elliott, William Gilbert, Linda Jennings, Miss Orbal, Tommie Posey, Maria Riddisparger, Robinson and Lola Thomason.

Canyon students accepted into the honor organization included seniors Susanna Cotten, Sherry Fulcher, Nancy Gant, Vickie D. King, Randall Rushing, Janis Sims and juniors Deborah Clark, Mary Cole Forbus, Carolyn Steele and Mary Beth Watson.

Others honored were Jimmy Carolyn Johnson, Hereford senior; Cheryl McClenny, Perryton senior; Linda McKinney, Borger junior; Jan Mize, Lockney junior; Jan Neal, Plainview junior; Verbie Nelson, Dimmitt senior; and Susan Kahlfs, Happy senior.

## Many Take To Holiday Roads

By TOOTIE BYBEE  
GEE, FROM STORMS to sand to gentle rain. Can't beat that anywhere. Just proves once again how very unique the Texas Panhandle is. Hope each of you had a very blessed Easter. Most of the folks out this

way went in every direction to see friends and kin. No one enjoyed the vacation more than the kids — saw just a bunch over the holiday.

THE EVANS TRAVELED south to Brownfield to visit with Barbara's mom and dad, Mr. and Mrs. J. N. Phillips and her sister and family, the Bill McKees. LeRoy went too, I might add, since he wanted me to know he was along for the trip. Also, got to visit with LeRoy's aunt and uncle, Mr. and Mrs. Ray Johnson. Said they had an Easter egg hunt for the little 'uns and they all attended church together Easter Sunday. Ate a lot and had a good time. (I miss Luke).

MARION CLEMENTS AND daughter Barb motored to Arizona—Flagstaff in fact—to visit daughter Kathy who is attending the university there. They got a little advanced wedding gift for Kathy. It is a precious little puppy, a miniature schnauzer, which is so very sweet. It is from Kathy's grandmother. Said there had been snow showers while they were there. No. 1 son, Sam, stayed home and did up the chores and kept up the small farm while mom was away.

THE MINOR'S HAD an exciting Easter in the little town of Ada, Okla. Said they did not know about the tornado till the next day and it was all over. They went to visit Joyce's mom and dad who live there.

THE WHITEHEADS TRAVELED north to South Dakota. Did you get that? They went to visit some friends, the Roger Kippis. Said they were having flooding in that part of the country. Celebrated Mike's birthday along with two of the Kippis' kids' birthdays, Jerome and Lisa. Went to the pizza place and all had a birthday pizza. Little Rebecca got to stay home in Texas with Ginny Odom.

THE TOW'S WENT first to the Motorcross races then on to Ft. Worth to Ann's sisters and family, the Eugene Moore's. From there they all went to the coast, Aransas Pass, and spent the rest of the week fishing and ducking the rain. Said it rained every day and when they were leaving to come home the sun came out and it was beautiful. Makes one wonder!

TALKED WITH MRS. Patterson just a day or so before we left and they were getting ready to spend a few days at their place on Lake Meredith. Were trying to get a few trees set out down there so it would shade their patio. She was very happy over the fact that one of their sons will now be within a very few miles of them. He and his family has been transferred from Corpus Christi to Pampa. So, now they can meet at the lake or

just go visit each other real quick-like.

HOPE THIS FINDS Matt Malson just a whole lot better. He had to spend his Easter holidays having his tonsils out, but sure is glad to have it over. The Malsons stayed close to home and enjoyed a family Easter together.

OH YES, WANT to put this item in, as it might be of importance to one of you. Mrs. Forest Gruner called me the other day to say she had found a very handsome looking full grown male Pekinese, white in color. She said a few years back they raised these lovely animals and in her opinion this is a very well bred little fellow and thought the wind storm might have caused him to become lost. Any way if you have lost your doggie and this fits the description you may contact her at 655-2617 and thank your Mrs. Gruner for your call and please call again.

SAW LOTS OF you out and about this week and especially the lovely Easter Sunday. Saw June Van Landingham and husband busy in the yard. June was pushing the wheelbarrow and

hubby was hoeing and little son was riding his bike. Saw the oldest Adeetike learning to ride a bike with dad's help. Saw Mr. Buckles and boys busy on a project in the garage. Saw Mr. Robinson enjoying his motorcycle and the fine weather. Hello, Sam Rogers, who I see ever so often out doing some chores. Saw Mr. Gillis on his ten-speed getting a nice sun blister. Saw Traca, Trina and company enjoying the trampoline. Saw Doug and Tracy with Ralph and Herman in tow walking along cooking up some kind of mischief. Saw bunches of people at the Crews', must be a Easter dinner? Saw Marge Morgan riding her bike and enjoying the sunshine.

WANT TO THANK Mikie Morgan for taking care of my plants and our kittie while we were away. And the Brooks for tending to Smoky the chinchilla, and Bob for feeding the horses and other assorted animal life around here, and my sister-in-law for babysitting two 50 pound boxers.

WE SO ENJOYED our visit to beautiful green northeast Texas and the bluebonnets were in full bloom everywhere. The dogwoods and azaleas made Easter so very special for us. They were just full of blooms and color all around us. Always glad to visit our friends the C.M. Eads but just hate to leave them for another year. Guess it is a good thing we leave when we do with all that home bread we eat, we have to diet for months after we get back. Guess that is what Easter is all about anyway. Family, friends and the freedom to worship our Lord who rose again the third day.

SO WILL SEE you next week. Just a reminder, Vacation Bible School time is drawing near, so volunteer at your nearest church!

Tootie - 622-1471

# Happy News

By MARY NEAL HENRY  
WE SURVIVED THE hurricane winds of last Thursday just fine. I was in Hereford at the District 2, Section 3, Eastern Star School of Instruction. A building without windows was an ideal place to be. By the time we came home on Thursday night, the wind had calmed to the extent that there was visibility.

RUTH SIMS, EVELYN Dowd, Ruth Mann, Viola Buchanan, Lola Bowe, Catherine Miller, Evelyn Shipman, Gladys Haley, Pauline Wesley, and I enjoyed the Eastern Star School. Most of these ladies got their "A" certificates. 238 attended the school sometime during the day.

MRS. VIRGIL TOLES looked so pretty sitting in the sun room crocheting an afghan when we dropped by Kings Manor to see her. She was dressed as if she might be going out. Eight of us dropped by to visit and really enjoyed it. I'd like to have stayed long enough to learn how to do that crochet stitch. Mrs. Toles says that she will crochet ten afghans before she is finished.

VIOLA BUCHANAN SERVED as an officer during the day at the school. Evelyn Dowd served on the registration committee; Gladys Haley served as assistant secretary of the school; and Evelyn Shipman served as an officer, Marshall of the Fraternal Visit of the Worthy Grand Matron, Katherine Harbour, and the Worthy Grand Patron, C.A. Bill Holmes.

HELENE McFARLAND HAS been chosen as a citizen advisor to assist the Constitutional Revision Committee of Texas. Robert W. Calvert is chairman of this committee. Helene will assist the committee in this area by organizing public hearings; assist the commission staff in identifying local citizens who wish to give testimony at public hearings; by helping the committee members and staff become aware of local opinion on the strength and weaknesses of the Texas Constitution; meeting with the committee as it conducts public hearings; and aiding in the dissemination of the findings and recommendations of the commission. This commission met in Amarillo on Tuesday and again Wednesday of this week. Congratulations, Helene! This is quite an honor.

SANDY AND KIP Morgan entertained the seniors of 1973 with a dinner and party on Thursday evening of this week. Enjoying the ham and all the trimmings and the fun were Albert Schoonenberger, Kevin Donnell, Ken Henry, Billy Jackson, Don Lee, Eddie Wilson, Sandy Railsback, Barbara Dowd, Metta Moudy, Teddy Offield, Stanley Morrison, Jim Hand, Mary Ann Sims, Pam Shipman, Mark Hargrave, Karen Murdock, Roger Wilson, Chris Pearson, Becky Via, Wendy Sims, Kippa McFarland, LaVenna and Eugene Jackson, Charles House, Gennie Jackson, Steve Cole, Jr. and the host and hostess.

JIMMIE AND CARY Lee of Amarillo visited the Eugene Jacksons last week.  
LESLIE WEAVERS, MIKE Weavers, Scott Railsback, Mark Tackitt, and Steve Altman and Brother Paul Heil attended the State R.A. Congress in Fort Worth last weekend. The boys were in the finals of the R.A. track meet. Mark Tackitt won first in the fourth grade high jump and Steve Altman won second in the fifth grade high jump. Brother Paul said that they had an activity there for every boy. The group returned on Saturday.

KEN HENRY WON second in the bareback bronc riding at the Plainview Tri-State High School Rodeo last weekend. Sherri Starkey won third in the pole bending and Valerie Tipps may have won sixth in the goat tying. Becky Via and Debbie Magness also entered this rodeo.

RUTH AND LUTHER Aikens had their children all home for the Easter holidays.

NAN EARL AND Robert Geautheaux and their Patricia, Tonya and Jerry Doyle have been "home" visiting. They are stationed in Oklahoma.

GRACE AND FRANK They had their children all home for Easter dinner.

VANESSA MALONE WON the \$2 prize for finding the most Easter eggs in the 7-12 age group at the Happy Jaycee Annual Easter Egg Hunt in Stephenson Park.

## Grand Jurors Indict Four

Randall County grand jurors returned four indictments Monday and one no-bill.

Indictments were returned on Henry L. Jeanes, who is charged with driving while intoxicated, second offense; Billie Leon McKay, charged with theft over \$50 in connection with the theft of a compressor from a construction site in Amarillo; Roger D. Howery, charged with burglary of a private residence at night; and Craig Newman, charged with theft by false pretext.

Steven G. Halsted, formerly charged with theft, was no-billed.

# Jaycees And Jaycee-Ettes To Install Officers At Saturday Banquet

MELISSA SEXTON OF Spearman, daughter of Larry Sexton, won the prize for having found the most eggs in the 1-6 year old group. Twelve prize eggs with 50 cents in them were also hidden. These children didn't yell loud enough for us to know who found them.

CAMMA LOU AND Larry Tackitt picked up Mark in Fort Worth on Saturday and traveled on to Georgia where they delivered a pig for Bilt Kite Farms and attended sales.

PAULA, SHANNON AND Shawn spent the Easter weekend with their grandparents. Cindy and Joann Haley visited last week with their grandparents. Gladys and Hoyle Haley.

MARVIN, KATHY AND Byron Flowers spent Easter in Ft. Smith, Ark. visiting Kathy's and Byron's grandparents.

BOBBYETTA AND WIL-LIE Butler spent Easter vacation in California. They toured Disneyland and visited with Anne McManigal.

EVELYN, BARBARA AND Beverly Dowd traveled to El Paso and Juarez during the holidays.

JANET (RAHLFS) VITA-TOE and her three children were in the Sunday morning services with George and Modenia.

OVA MAE McDONALD of Amarillo was in Happy with her son and family, the Reed McDonalds on Easter Sunday.

THE LEO SYDLOSIS had all their children home for Easter dinner. Patricia and Carol and their Jerry and LaRae, Jill and Danny are both of Happy and Larry and Ann of Amarillo.

PHYLLIS LUKER INTRODUCED me to her father, Mr. Hill of Stratford, in the park while the children hunted Easter eggs.

DORRIS AND JACK Foster ate Easter dinner with Dottie and Dick Foster and their Lissa, Dana, Kim and Kelly.

MARY AND JERRAL Mayes had their whole family together for Easter Sunday. Linda and Paul Swanson and their two-year-old Sherrie Ann, Glenda and Joe Bill Dempsey and their boy, and Kathy and Jerral Mayes attended church and spent the day with their parents.

LOUNEETTE CARTER AND Marlene Caraway were at the Easter egg hunt with their mother, Louise Stubblefield. Their families and Duane Stubblefield's also spent Easter together.

NANCY WOMACK MADDEN and her family and Alice and Ronnie Middleton with their Mace and Marty were in Happy

for Easter. Nancy hasn't changed any and Alice looked especially pretty on Sunday afternoon.

JAN WHITLOW HAD her tonsils out over the Easter holidays. Jan had a few uncomfortable days.

THE 4TH ANNUAL Happy Junior Rodeo is May 11, 12 and 13 in Happy. This event is sponsored by the Happy Rodeo Association and Hugh Cooper of Santa Rosa, N.M. will furnish the stock. Shows begin at 7:30 p.m. Friday and Saturday and 2 p.m. Sunday. Boys and girls under 12 will ride steers and run barrels, poles and flags for \$5 per event. Girls 13-19 will have these same four events for an entry fee of \$10. Boys will be divided into age groups 13-15 and 16-19. The 13-15 age group will steer ride, run poles and break-away calf rope for \$7.50 each. The older

group will pay an entry fee of \$10 per event for bull riding, bronc riding, tie down roping, ribbon roping, chute dogging, and team roping. For information call C.R. Wesley at 764-2942 or Floyd Tipps at 764-2172.

A DANCE WILL begin on Saturday evening at 9 (May 12th) at the Jaycee Hall. The Bobby Wynne Band will provide the music.

HAPPY JAYCEE-ETTES were successful on their bake sale last Saturday. They completely sold out of baked items.

THE COWBELLE STATE Convention, the very first, was held in Lubbock yesterday. Several members from Happy planned to attend.

THE HAPPY COW-BELLES voted to sponsor a booth at the Civic Center on Saturday during Meat Appreciation Day. They will hand out

literature and try to educate the public about beef.

CARL BRYAN RECEIVED an autographed picture of himself with Byron Poff and a thanks for having attended the Texas inauguration.

THE REVIVAL OF the First Baptist Church is May 13 through May 20. The morning service of May 20 will close the revival. I understand that baccalaureate services are May 20th.

Wayne Tucker will be the evangelist and Ray Parker will be the music director.

HAPPY JAYCEES AND Jaycee-Ettes Installation Banquet will be Saturday, April 28, in the Happy Jaycee Hall. You are not only welcome to attend but are urged to do so. Happy Jaycees and Happy Jaycee-Ettes are pleased with the backing of their community.

See ya!

This old adobe house in the 1900 block of 4th Avenue is about to become a victim of progress. The house, according to long-time residents, was built in the late 20s, possibly 1927, by the late Miss Mary Moss Richardson.

## Palisades Palaver

# Spring Awakens In The Canyon

By MILDRED TURNER  
ALTHOUGH WE HAVE had a recent blizzard, and mad wild winds, spring is springing forth on every hand anyway. The recent rains have brought an abundant array of beautiful wild flowers, wild plum trees are blooming everywhere, a red cardinal pauses during his meal to give a bite to his mate, pretty plants I've never observed before are awakening in this refreshing rain, the aroma from my honeysuckle is better than walking by the show to smell the pop corn, birds of every description are singing "It's here," the creek has taken up the phrase as it murmurs along, the squirrels are so very busy, every bush and tree is just bursting with the expression, the geese are returning (I read they are never mistaken by the weather), also Nell Moore is barefoot again!

LUM AND LENA Edwards are in Dallas attending the funeral of his sister-in-law.

DEEDIE AND BRUCE Barton and family, Ross and Becky Guess and daughter, were guests of Buster and Reba Guess last weekend.

ROBBIE AND MRS. Foster just returned from a trip to Commerce and Kerrville where they visited friends and relatives. Some were high school and college friends who are teachers, as also the Fosters are. Robbie is working on her masters in library science. Although Robbie likes teaching, she prefers the library work. Mrs. Foster's whole yard has an expression of the love of nature, where wild flowers, cactus and native plants are pampered along with those she plants.

DORA WALDROP SAID Dallas was very drippy this weekend as she visited with her son Don and his family. Though the children could not get out to play I'm sure the family enjoyed the "togetherness" and I would say Dora was a ray of sunshine in their household on a cloudy and gray weekend.

EVERYONE IS STILL talking about how wonderful the Sunrise Service was Easter Sunday. The sun came up at the most dramatic moment, all the birds joined in the singing and worship, some accompanied the message also, there was such a good turnout, Doug was just great in his message, as also was the choir. I could go on and on. The fellowship following at the church was so pleasant as it was an opportunity for some to see the church (who attend else-

where) and a chance to meet some of the weekend guests of our Palisades. Although a few clouds flew over us, it was later and a few only accented the radiant beauty of the day.

AT THE FELLOWSHIP I met Valerie McClendon's parents who came in last Thursday evening. I can understand why Valerie is so pretty after meeting this attractive couple, Mr. and Mrs. Foy E. Pierce of Irving. The visit was climaxed by an Easter dinner for the family at the John Clark McClendon's in Canyon.

THE MCGAHAS TOOK Mark over to visit Ronnie Dyer and his family at Keena, N.M. Mark rode the bus back.

TOMMY AND LAVERNE McGaha and Joyce and Doyle Dyer visited Mr. and Mrs. Charlie Jones, Aunt Mildred Staffer in Plainview, also Alice Cundiff, Calvin Jobe of Kress, also Mr. and Mrs. Travis Jobe and Dale and Mr. and Mrs. Dwayne Jobe of Pea Ridge, Ark., and Ronnie Dyer of Keena, N.M. These relatives were not only together to enjoy Easter but for a special occasion: the wedding of their nephew Calvin Jobe on Sunday evening.

GOOD FRIDAY SERVICES at our church were very inspirational with trios and quartets singing, and special speakers by the young people.

MRS. BEULAH BOWIE (Sara's mother-in-law), Danny Mullins and Jim Aler were among the eighteen of a family party at the Drumstick Friday evening.

THERE ARE PILLS to put you to sleep, pills to wake you up, but are there any granny pills for the nerves when you are about to have a grandbaby? If one cheek is blue and one eye is red, my guess is nerves and not poor lighting! Expectant grannies should not be allowed to drive alone, they should have granny stickers on the bumper and all over the car. The man you thought was a creep was not creeping and had to throw on his brakes upsetting his whole load of hogs (or was that the hogs squealing?) What a mess if we'd all been scrambled together. Only the undertaker would know the truth about which limbs got into the coffin. (The pig that went to Heaven) Oh... I was just assuming.

OUR #3 DAUGHTER Carolyn and Dan got their baby girl on Wednesday evening: 7 lbs. 2 ozs., 18 inches long, dark hair, and dimples. Everyone laughed months ago when Dan made a lamp with her name on it. Dana Charlene is her name. Big brother Brent (who was two in September) thinks she is the greatest and so do her parents and granny.

DAUGHTER #2, Sara Bowie, flew over for Carolyn's party and also for Heath to hunt eggs with Brent and Laura. While here, Sara enjoyed being with family and friends but also had a painful shock as one of her dear friends passed away and she attended the funeral of Charlene Fleming.

GENE WEBB CAME home with reports that the damage and wind were much worse on top last Thursday when the storm was raging in Amarillo and this area. His report was of huge signs being blown down, windows blown out, campers and trailers over turned. A large plywood board was whipped from the hands of men as they attempted to cover windows which had been blown out at a large furniture store. Carolyn and Dan Bailey lost two windows, but I have not had reports of much damage in the canyon. A huge dead cedar tree was up-rooted and landed on a car driving by, doing some damage to the car but no glass broke. Garland and the girls helped to pull the tree off as she drove out from under it. I felt so sorry for Gail Dudley, pale and shaken, as she used my phone to call her mother and her boss, saying, "A tree just fell on me! I think I may have left my motor running! I was so scared!"

I GOT A few calls on dandelions but most everyone was offering to help if I ran out. A Mr. Carl Miller from Canyon said he had plenty, free for the digging, if this is more convenient for you!

SEE YOU NEXT week.

M.T. - 622-0701  
**WT Official In Washington For Briefing**

Dr. Kenneth M. Laycock, West Texas State University vice president for planning and development, was scheduled to address the annual meeting of university officers dealing with the Office of Federal Programs in Washington Wednesday.

Laycock will speak on WTSU's new management information system.

The meeting is of liaison officers of member schools of the American Association of State Colleges and Universities. During the two-day meeting the officers will be briefed on new legislation before Congress.

Gary Gerber lashed out a solid first-inning single Tuesday afternoon to give the Canyon High School Eagles their only run against

Levelland. The Eagles will go to Levelland next Tuesday for a return district encounter.

## Song, Dance Recital Set For Student

Tenor Rene Clemente, a singer-dancer in numerous West Texas State University musical productions, will be featured in recital at 4 p.m. Monday in the Fine Arts Auditorium on campus.

Clemente, son of Mr. and Mrs.

Ernesto Clemente of El Paso, has received Branding Iron Theatre awards for several of his performances. He recently portrayed the puppeteer Jacquot in the university production of Carnival.

He won a scholarship to the San Francisco Ballet School.

Clemente is a member of the WTSU pop-rock group, A New Day, which will tour the Caribbean under auspices of the USO this summer. He also is a member of Phi Mu Alpha Sinfonia, music fraternity, Alpha Psi Omega, drama fraternity and the WTSU Chorus.

He is a student of Royal Brantley of the WTSU music faculty. Programmed for his recital are Purcell's "Strike the Viol," "Music for Awhile" and "I'll Sail Upon the Dog Star," Schubert's "An die Musik" and "Gany-

med," Wolf's "Bitterolf" and "Schlafendes Jesus kind," Schubert's "Ave Maria," portions of Puccini's "Tosca" and Debussy's "Petes Galantes."

Also programmed is a composition by Brantley entitled "Advice for Singers."

Assisting Clemente in the latter work will be Genie McCause, Bonger senior, Vicki McFarlin, Fritch senior, Rick Davis, Clayton, N.M. senior, Dennis Richardson, Lubbock senior, and Steve Hilton, Canyon senior.

Piano accompaniment will be by Jeryl Hoover, Odessa sophomore.

## Prizes Given In Easter Hunt

Robert Warren of Rt. 3 Canyon was the big winner in Sunday afternoon's Easter egg hunt sponsored by the local VFW Post 5681.

Warren found the most eggs in the hunt.

Other winners in the infant to 5-year-old age group were Mary Margaret Haraden, 1207 7th Ave., 1st prize; Dustin Davis, 100 4th Ave., 2nd prize; and Todd Manley, 1413 Creekmore, 3rd prize.

Winners in the 6 to 11 age group were Danielle Byrd, 3 Bramblewood Lane, 1st prize; Lane Williams, 400 4th Ave., 2nd prize; and Darla Flynn, 1010 5th St., 3rd prize.

Winners in the 12 to 16 age group were Sandra Todd, Rt. 2, 1st prize; Janice Grimes, 1410 Hillcrest, 2nd prize; and Carter Harvey, 2421 11th Ave., 3rd prize.

## Cadette Scouts To Tour Santa Fe

A number of Cadette Girl Scouts from Canyon will join a party of 200 leaving Amarillo tomorrow evening for a three-day tour of points of interest in the Santa Fe, N.M., area. The excursion is part of the National Heritage Program being carried out by Girl Scouts this year.

Those going include Dianna Campbell, Linda King, Laura Laycock, Tammy Allen, Kelly Irlbeck, Becky Wilburforce, all of Troop 5, and Amy White and DeLynn Mitchusson of Troop 130 in Amarillo.

During their stay in Santa Fe, the girls will visit the Palace of Governors, the Museum of Navajo Ceremonial Art, the Institute of American Indian Art, and San Ildefonso, an Indian pueblo.

The Girl Scouts will stay at the Santa Fe Boys Club and travel by chartered buses. Two of their meals will be at the College of Santa Fe.

In accordance with Girl Scout regulations, one adult for each 12 girls and two registered nurses will accompany the group.

## WT Student Dies Sunday

A 21-year-old West Texas State University student died Sunday morning when he was buried under a blanket of ensilage while working at Randall County Feed-yard.

Barry L. Bishop, a sophomore student from Megargel in Archer County was pronounced dead at the scene by Justice of the Peace W.W. Hancock.

Deputy Sheriff Cecil Johnson said the man was stockpiling ensilage in an ensilage pit at the feedyards in a bucket loader machine when the side of the pit caved in on top of the cab of the vehicle burying him.

The accident occurred between 10:30 and 11 a.m.

Johnson quoted a witness as saying Bishop was crushed in the cab of the vehicle.

Bishop had worked at the feedlot on a part-time basis since February. He was an equipment operator.

Local funeral arrangements were handled by LaGrone Funeral Chapel. The body was taken to Lunn Funeral Home in Ciney for services and burial.

Canyon W. 1st Ave. 655-2134 Ralph Switch 655-2652

Canyon Women's Golf Association got underway for the season on Tuesday of this week with lessons for beginners and play for regulars. Getting some pointers from pro

Dude Kinkade at Canyon Country Club are, l. to r., Mrs. Carolyn Farmer, Mrs. Mary Culvahouse, Mrs. Shirley Kinkade, and Mrs. Maxine Lawson.

## Chris Thomas Is Secretary President

Mrs. Chris Thomas, secretary to County Judge Woody Pond, has been named new president of the Tierra Blanca Chapter of the National Secretaries Association.

Mrs. Thomas assumes office May 1 and serves a one-year term.

She succeeds Mrs. Louise Gunther of Hereford.

Mrs. Thomas has formerly been recording secretary for the 30-member organization, which covers Canyon and Hereford.

She has been secretary to the county judge more than four years. Prior to joining the judge's office, she had been a housewife.

Just after coming to Randall County from California in 1957, Mrs. Thomas was secretary to then Dist. Atty. A.W. Lairfort two years.

Mrs. Thomas has served as director of the Randall County Spelling Bee for several years.

A native of Iowa, she has three children, Nancy, 13, Randy, 12, and John, 10.

Her husband, J.R., is a farmer west of Canyon.

Other new officers named by

club members include Mrs. Virginia Byars, who is a secretary in the county district attorney's office, as vice president; Lois Jones of Hereford, recording secretary; Irma Parton of Hereford, corresponding secretary; and Janie Victor of Hereford, treasurer.

## WT Tracksters In Plainview

Fresh from a victory in their own invitational meet, West Texas State University's Buffaloes will compete Saturday afternoon and evening in the Wayland Baptist College Invitational Track Meet in Plainview.

The Buffaloes of coach Bob Kitchens got double wins from sprinter Tracy Dickson and weight man Dennis Briggs to take first in the WTSU Invitational Saturday afternoon. The Buffaloes scored 80 points to 64 for second place Texas Tech and 33 for the University of Texas at Arlington Mavericks.

Dickson, the Lockney junior, ran 9.5 to win the 100 and 21.3 to take the 220. His time in the 220 tied a meet and school record held by former Buffaloes Bill Mason and Lee Lewis. He also anchored the winning 440-yard relay team in a 41.9 clocking.

Briggs won both the shot and discus events Saturday.

Vaulter Warren Snow established a new school record to win his event Saturday in 15.3. Senior Jim Childers of Hereford triple-jumped 45-2 for a new meet record.

The Wayland meet will have 12 teams entered, including parts of the Texas Tech and Eastern New Mexico University teams. Both of those squads are taking athletes to the Drake Relays this week.

Among the other teams entered is small college power Dallas Baptist.

## Kids Inc., Track Sets Sat. Meet

About 195 boys and girls are expected to take part in a Kids Inc. track meet to be held at Canyon High School Saturday morning.

The races, possibly to include some relays, will begin at 10 a.m., program officials said.

This will be the first meet to be held since the Easter vacation and award patches will be presented.

Mrs. Chris Thomas was named president of Secretaries Association recently. She is secretary to County Judge Woody Pond.

## Blakely Fargason-- Construction Cop

Blakely "Fess" Fargason of 1706 9th Ave., doesn't wear a gun, uniform or a badge, but he is a major law enforcement officer in Canyon.

As fire marshal and building inspector for the City of Canyon, Fargason is responsible for enforcing the various codes of the city which pertain to fire safety in buildings, plumbing, electrical installation and zoning.

Included in his duties is the issuance of building permits, a chore that during recent months has been running well ahead of past years.

Since joining the city as fire marshal in June of 1972, Fargason has inherited many of the other responsibilities. "They are all inter-related safety

items," said Fargason of his many and varied duties.

The city employee is also a member of the Canyon Volunteer Fire Department, serving as a firefighter and member of the department's rescue squad.

He is the son of Mrs. Ruth Fargason of 1706 9th Ave., and moved to Canyon in 1961 to become a teacher in the math department at West Texas State University. During the 11 years that he was with WTSU, Fargason also taught in the business school of the university.

A native of Hermleigh, Tex., near Snyder, he graduated from his hometown high school and then received his B.S. and Masters from Texas Tech.

Of making the change from university instructor to city code enforcement officer, Fargason said, "I enjoyed teaching but I like this better. I can get out in the open." He said his present job did not require him to spend too much time in his office.

In regard to working for the City of Canyon, Fargason said, "So far it's been great. I really enjoy it and it has been different."

Fargason said he liked to dabble with photography and also enjoyed camping. Of camping, he added, "But I seldom get to go."

It isn't too difficult to imagine why a man with so many duties to look after seldom finds time to hit the trail for a camping trip. And he is probably accustomed

to people asking him what he does in his "spare time."

Blakely Fargason, a member of the Canyon Volunteer Fire Department, at work during a recent fire alarm. Fargason is fire marshal and building inspector for the City of Canyon.

## MVC Meet Next For WT

After taking fourth place last weekend in the Abilene Intercollegiate Golf Tournament, West Texas State's Buffaloes will now take a break until the Missouri Valley Conference meet May 19-20 in Las Cruces, N.M.

Dick Weston, who has led the Buffaloes this spring, carded a 208 total for third place among individuals in the tournament. The stocky senior from Plainview shot 66, 72 and 69 during the two-day tournament. His two sub-par rounds gave him four under par rounds for the spring.

Weston is leading the Buffaloes this spring for 11 rounds with a 73.0 stroke per round average. Jerry Boeka is averaging 73.8 strokes for 12 rounds this spring.

For the entire year, during 20 rounds, Weston is averaging 75.5 strokes per round. Boeka leads the team for the year with a 74.1 average in 21 rounds.

Canyon sophomore Randall

Burton has played in more rounds than any other Buffalo. In 26 rounds for the entire year he has a 77.7 average. His average this spring in 17 rounds is 76.5. Junior Salinas is averaging 77.4 strokes per round during the spring, while Clovis junior Eddie Kilmer has a 77.5 average and John Hood is averaging 77.7 shots per round. Andy Lawler has an average of 78.5 shots per round during the spring.

The Buffaloes of coach Vern Farquhar won the Midwestern University Tournament in Wichita Falls during the fall. Their top tournament finish this spring was a second place in the Eastern New Mexico University Invitational at Portales. Weston was medalist in that tournament with rounds of 69 and 66.

## Sr. Girl Scouts To Visit Mexico

Four Senior Girl Scouts from Canyon will spend two weeks, July 14-27, at Our Cabana, a "world center" for Girl Scouts in Cuernavaca, Mexico.

The girls are Vanessa Cotton, daughter of Mrs. V. H. Cotton; Laurie Davidchik, daughter of Mr. and Mrs. David Davidchik; Linda King, daughter of Mr. and Mrs. Frank King of Umbarger; and JoAnn White, daughter of Mr. and Mrs. Joe Dale White.

During their stay in Cuernavaca the girls will visit the Floating Gardens at Xochimilco, the Folkloric Ballet, the Pyramids, and Mexico City on a night tour.

Hundreds of other senior Girl Scouts from all over the world will also be staying at Our Cabana. A customary activity is for each group to present a program that will teach something about the region from which they came, and souvenir gifts are exchanged among the girls.

The girls will be filling reservations for two patrols made three years ago by the Amarillo Girl Scout Council. They will travel by plane, accompanied by two adult leaders.

## News Brief

Mrs. Ida Schuette returned recently from visiting her daughter and family in Boulder, Colo., the Richard Stevens family. She will be remembered as Betty Schuette from Palo Duro Community. The Stevens have moved into their new home, designed on the line of German houses.

## Along the Grapevine

By Mary Alice Hines

THE J. L. Upshaws enjoyed the Easter holiday visit from their son John. John is a student at Oklahoma State Technical Institute in Okmulgee. Their daughter Katie, a graduate student and instructor at Tulane University in New Orleans, did not get to come home for the holidays because she just had a few days off.

The Tulane students have their big Spring vacation during Mardi Gras in March. The Upshaws visited her in New Orleans in March.

MARK AND SHARON Jolly are moving to Medford, Ore., this week. Mark has a position with Cal-Gas Petroleum Co. Although they will miss their family and friends in Canyon, they are looking forward to living in the beautiful state of Oregon. Mark fell in love with Oregon when he and Henry Gill spent part of one summer there. Mark is the son of M. A. Jolly and the late Nadeen Jolly of Panhandle. Sharon's parents are Jack and LaRue Sims.

LARRY AND SUE Hooper recently returned from a relaxing, five-day trip to Acapulco, Mexico. They drove to Bay City and left their children, Holly and Quentin, with Sue's sister and then drove to San Antonio, where they caught a plane

to Acapulco.

The Hoopers saw the La Quebrada Cliff Divers and took a three hour yacht cruise along the coast. Larry said they enjoyed the swimming and relaxing the most. He said they ate at some fine restaurants.

NEAL AND TONI DeBord welcomed a new daughter into the world April 15 at Northwest Texas Hospital. The new arrival was named Tami Anjanette and she weighed 7 lb. 2 oz. at birth. Tami has two sisters: Kimi, 8, and Leslie, 2. Congratulations to the DeBords!

A GIRLS' SOFTBALL League is being formed on May 12 at the Activities Center. Any girls from age 8-14 are urged to join. George Blackwell is the head of the project, which is being sponsored by the Kiwanis Club.

JIM HOLSTON, DIRECTOR of Student Activities at the college, told me about the two trips sponsored by the Student Activities Council over the Spring break.

The boat trip from Moab, Utah, down to Lake Powell was a lot of fun for everyone involved. The weather ran the gamut from hot to cold, with snow mixed in to the discomfort of the group. The trip was 144 miles long with 44 miles of white water. The adventurers said the food was excellent on the trip. The group visited some Indian ruins along the way.

Twenty-six people went on the Hawaii trip, some young people

and some faculty and local people. While in Hawaii the group was on their own to go on any of the tours provided or just to lay on the beach and soak up the luxurious Hawaiian sun. Some took a trip on a Catamaran boat, and please don't ask me to explain it. A Catamaran boat was explained to me very carefully by Jim but I think you just have to see one to know what it is. The trip was enjoyed by all, although Jim Holston cut his leg on the coral while surfing. He is just fine and it did not interfere with his fun on the trip.

THE BENNY CHASTAINS and the Carl Matneys recently attended a computer conference in New Orleans. What a beautiful city to have any kind of conference!

PFC DAVID SCHUETTE who was stationed at Ft. Benjamin Harrison, Indiana, spent two weeks leave with his parents, the Bill Schuettes. He is currently enroute to Germany for an assignment as an Army Theatre specialist. He will work in theatre productions and public relations. David was in the "Texas" production for several summers.

CARROLL AND SUSAN Wilson and their D'Arcy recently returned from Broadus, a small town in East Texas, where they visited with Susan's family. Her parents from Houston met them at her grandparents house. The landscape is in full bloom there with plenty of bluebonnets.

## A Money-Making Plant

should be protected with insurance against hail damage.

Crop Hail Insurance is just one of the Farm Bureau Members' insurance needs served at low net cost.

A DIVIDEND was paid to 1971 and 1972 Crop Hail Policyholders.

For this valuable protection see or call your Farm Bureau Insurance Agent.

Gene Howe News

6th Grade Concert Monday

By TROYCE MULHERIN  
A COUPLE OF dates for your calendars. First — April 30, which is a Monday, this coming Monday, in fact. The place is Gene Howe school, and the time is seven o'clock. The event? The sixth grade concert, of course. All the youngsters are very excited about this program, and everyone has been working extra hard. "Concert" is such an imposing word, but — be prepared for a fun time. In Mrs. Phillips' words, "A once in a lifetime opportunity to enjoy some real sophisticated type entertainment. Be lookin' for ya."

THE OTHER DATE is right upon us. Tomorrow, Friday, April 27, to be exact. The happening is the Arts and Crafts Show put on by Arts Unlimited. Time is from ten in the morning to three in the afternoon. The place is the Federation Clubhouse at 2001 Civic Circle in Amarillo.

This is the sixth annual show sponsored by Arts Unlimited, so these people are seasoned showmen (showwomen?). Admission is only one dollar, and for that dollar you will have refreshments, a chance at the doorprizes, and the opportunity to take in Beverly Norman's Crafts demonstration, i.e. "Rub Out." The State Center for Human Development will also have a display.

IF FOR some reason or other you would pass up our refreshments, you will have the grand opportunity to buy something at the Bake Sale to munch on whilst oggling the tables and tables of goodies. And browsing at the Bazaar! Items to be shown are too numerous and varied to list here. Come and see for yourself. (Note-taking will be allowed — someone will even tell you how to make it yourself!)

MANY HAPPIES TO Linda Whipple, who became fifteen years of age on the 23rd. Linda is the daughter of J.D. and Mary, and spent the day shopping. An extra-special present was one from her mom. A diamond many, many years ago, same to be given to Linda on her fifteenth. The promise was fulfilled, much to Linda's delight. A meaningful and long to be treasured gift.

DAVID AND SUE Camfield and youngsters recently enjoyed being spoiled for an entire week. They divided their time (and willingness to be pampered) between their two sets of parents, visiting with Mr. and Mrs. Dave Camfield and Mr. and Mrs. I. F. Haxel in Siloam Springs, Ark. Upon learning of the Camfield's visit to Arkansas, various brothers and sisters from different parts of the country made certain to join in on the visiting and spoiling. Sue said they came home happy, but with sore tongues, what with everybody bringing everybody else up to date with family news.

THE LARRY DELANEY family finally managed a first and only real vacation over the long holidays. Off to Nashville, Tenn., and an evening at the Grand Ole Opry! Something they have wanted to do for a long time. The Opry is held in an old, old church building, this being the last year there, and Dee said the atmosphere was unbelievable. She further iterated that Nashville is the friendliest town they have ever visited, its people being very courteous and helpful.

ONE THING ABOUT the Opry was rather disconcerting, though. The commercials. Every fifteen minutes. The show was being aired on the radio, and consequently when time came for a commercial, the performers "did their duty," right in front of everybody.

THE DELANEYS TOOK advantage of being away from home, visiting with relatives in Arkansas; spending a few days with Dee's grandmother in Jacksonville, and touring the Cowboy Hall of Fame in Oklahoma City. Not necessarily in that order. One night visiting in Childress before coming home to all that dirt blowing around last week. It was quite a blow to come home to "that" after visiting in the pretty country around Jacksonville. Nice trip, but we are glad the Delaneys came home, dust and all. (We almost lost them to Nashville.)

ANITA WHITE SPENT her birthday on the 16th "just fishin'." Even caught some fish, which is a rarity for her. The Whites took advantage of the weather and the opportunity to spend a week in Possum Kingdom. Last year about this time you were introduced to the habits of the sand bass, which fishie swims in a circle, etc., etc. Well, this time around, the Whites caught more than their fair share of the little creatures. Ate the little darlings, too.

WINONA SAID THAT usually the drive home is rather dull, especially around Vernon, down by Lake Kemp. Not this time, though. The family was pleasantly surprised, as the hills were covered with bluebonnets and buttercups. Everyone was so busy hollering "Look there! Look, oh, look!" that the drive was over much too soon. The flowers were really beautiful and a real treat.

THE WHITES ALSO enjoyed visiting with the Elvins Tyler family, who moved from Gene Howe land last summer to manage the dock store, and so forth at Possum Kingdom. The Tylers send greetings to all their friends here.

ONE LITTLE WHITE did not go with the other Whites. Amy visited in Missouri with the Mitch Mitchusson family. It had been six years since Mitch had seen his sister. His mommy made a special trip from Illinois in order to join in on the visiting. Relatives of all kinds and from all over, decided to "drop by" and play catch-up on family gossip and storytelling. The clan spent their days fishing and talking. Mitch claims 21 sand bass (those funny fishies again), smallest weighing in at two and one-half pounds.

THE MITCHUSSON GIRLS, Deborah and D'Lynn and Amy had a blast, but were rather hesitant to join in on the farming chores, milking the cows being at the bottom of their list of fun things to do.

TRACIE ERWIN BECAME a year older and a year prettier on the 22nd, sharing the day with the Easter Bunny. Several of daddy Harold's relatives came to share birthday cake and Easter egg hunting honors.

NOT ALL OF us left town, some stayed and entertained company at home during the weekend. Tom Patterson and his family from Carlsbad visited in the Bob Ingram home, hunting eggs and eating.

RANDALL NASH, SON of Mr. and Mrs. James Nash, came home to be a groomsman in the wedding of his sister, Susan. Following the fulfillment of such a pleasant task, Randall (this mommy calls him Randy) returned to Fort Lee, Virginia.

Susan's sister, Mrs. Robena Hawkins from Olney, spent a few days in the Nash home. Doris, brother, Edwin Cram, and family came from Arlington for the wedding, as did her sister, Marjorie Dunning and daughter, Nan. Nan was a lovely bridal attendant.

SUSAN'S OTHER BROTHER, Tim, served as a candlelighter in the wedding ceremony. Susan chose spring colors, and the four-tier cake was decorated with fresh spring flowers. Lovely, lovely, lovely. Susan, that's Mrs. Larry Michael Cook, and hubby Mike spent a few days in Albuquerque before taking up residency in Amarillo. Many sincere best wishes to this fine young couple.

ANOTHER DATE: SATURDAY, April 28, is the day for our star speller. The Bee will be held at Stephen F. Austin Junior High in Amarillo, at 1:30 o'clock. Terry Rudd, Our Champ, has really been giving those words a workout in preparation for this spellout. We send our moral support with him that day. (Shall we re-initiate that old finger-crossing campaign?) Remember, Terry, I before E, except after ... ? Oh, shucks! Do it your way, Terry, and you will be victorious again!

with Dee's grandmother in Jacksonville, and touring the Cowboy Hall of Fame in Oklahoma City. Not necessarily in that order. One night visiting in Childress before coming home to all that dirt blowing around last week. It was quite a blow to come home to "that" after visiting in the pretty country around Jacksonville. Nice trip, but we are glad the Delaneys came home, dust and all. (We almost lost them to Nashville.)

ANITA WHITE SPENT her birthday on the 16th "just fishin'." Even caught some fish, which is a rarity for her. The Whites took advantage of the weather and the opportunity to spend a week in Possum Kingdom. Last year about this time you were introduced to the habits of the sand bass, which fishie swims in a circle, etc., etc. Well, this time around, the Whites caught more than their fair share of the little creatures. Ate the little darlings, too.

WINONA SAID THAT usually the drive home is rather dull, especially around Vernon, down by Lake Kemp. Not this time, though. The family was pleasantly surprised, as the hills were covered with bluebonnets and buttercups. Everyone was so busy hollering "Look there! Look, oh, look!" that the drive was over much too soon. The flowers were really beautiful and a real treat.

THE WHITES ALSO enjoyed visiting with the Elvins Tyler family, who moved from Gene Howe land last summer to manage the dock store, and so forth at Possum Kingdom. The Tylers send greetings to all their friends here.

ONE LITTLE WHITE did not go with the other Whites. Amy visited in Missouri with the Mitch Mitchusson family. It had been six years since Mitch had seen his sister. His mommy made a special trip from Illinois in order to join in on the visiting. Relatives of all kinds and from all over, decided to "drop by" and play catch-up on family gossip and storytelling. The clan spent their days fishing and talking. Mitch claims 21 sand bass (those funny fishies again), smallest weighing in at two and one-half pounds.

THE MITCHUSSON GIRLS, Deborah and D'Lynn and Amy had a blast, but were rather hesitant to join in on the farming chores, milking the cows being at the bottom of their list of fun things to do.

(Shall we re-initiate that old finger-crossing campaign?) Remember, Terry, I before E, except after ... ? Oh, shucks! Do it your way, Terry, and you will be victorious again!

MRS. KENT DYSON, known to some of us still as Lori Lane, daughter of Barbara and B. L. Rudd, was honored with a miscellaneous shower on the 16th. Mary Ann Bowkins, Caroline Holliday, Doris Burkin and Joyce Dyson served as hostesses. The shower was held in the Dyson home. (These Dysons are no relation to the newlywed Dysons.) Shower colors were blue and white, and fresh daisies decorated the refreshment table. About thirty people enjoyed the goodies, the decorations and the gift-giving. LORI LANE AND Kent left big A on the 21st to make their home in Florida, where Kent is presently stationed with the Navy.

ELFA TURNER IS home from Northwest Texas Hospital, where she underwent surgery

recently. Elfa sends a great big, heart-felt thank you to all her friends and neighbors in Gene

Howe land who came to her aid whilst she was ailing. Now, you understand she has not completely recuperated. And, her doc tells Elfa that it will be a while before she will be tossing a bale of hay around. But, she is doing much better and says she will be eternally grateful to believing in our community. Why? 'Cause everyone was so sweet to help out with the children, and the hospital visits and cards meant so much. Again, she sends her sincere "Thank You!"

HATE TO ADMIT it, especially in print, but have really enjoyed this holiday — what with the youngsters actually being agreeable. Have decided to work on the old attitude in preparation for those long, long days of summer coming up. Got lots of little (and big) jobs lined up for the family. All work sure gets things done.

AM GOING OUT to sit in the sun.

Troyce 352-6053

Mrs. Ethel Lewis Named 1973 'Secretary Of The Year'

Mrs. Ethel Lewis, a secretary at the First National Bank in Canyon, was named "Secretary of the Year" at the annual Bosses' Night Banquet held by the Tierra Blanca Chapter of the National Secretaries Association in Hereford Tuesday evening.

Also honored at the banquet was James T. Hull, general manager of Deaf Smith Electric Cooperative, Inc. in Hereford, who was named "Boss of the Year."

The banquet highlighted a week of activities marking National Secretaries Week, April 22-29. Mrs. Louise Gunther, president of Tierra Blanca Chapter, was mistress of ceremonies. The "Secretary of the Year" presentation was made by Mrs. Kelli McBride, secretary of the year in 1972. Lewis presented the "Boss of the Year" award to Mr. Hull.

Other events planned for the week included a Wednesday luncheon at the Yum Yum Tree Restaurant, marking National Secretaries Day. On each day a "Secretary of the Day" is being named and presented with a red rose. Members of the chapter also plan to attend services in a group on Sunday morning, April 29, at the First Baptist Church in Canyon.

Mrs. Lewis, 1972 "Secretary of the Year," has 20 years experience in the business world. After graduating from Clarendon Junior College she worked briefly in secretarial positions and then married John Lewis, a rancher from Floydada. She devoted her time to homemaking and raising four children until her husband passed away in 1955.

In 1957 Mrs. Lewis moved to Canyon and worked for the Agriculture Department at West Texas State University. Later she was secretary to Mr. A.L. Crossland at the Crossland Insurance Agency.

Mrs. Lewis took her present position as secretary to the president at The First National Bank in Canyon in 1968, and is presently secretary to Don Max Vars, president, and David West, executive vice-president.

In addition to her professional work, she became licensed two years ago to sell real estate in Texas and does this in her spare time. Her hobbies are gardening and knitting.

A member of Tierra Blanca Chapter of NSA for six years, Mrs. Lewis has held a number of offices. She is chairman of the National Secretaries Week activities.

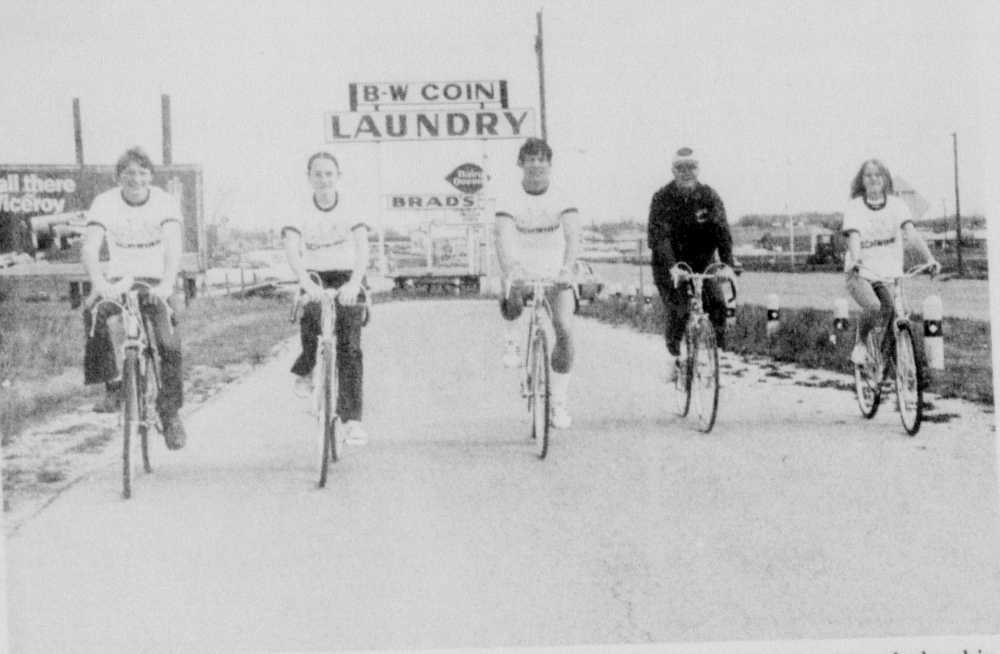

Her boss, Mr. West, says of her, "Her loyalty and dedication to

Giving somewhere? Or been? The Canyon News wants to know about it — an so do its readers."

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

Miss Cindy Brasher, daughter of Mr. and Mrs. Charles Brasher, 2516 7th Ave., looks at the reproduction of her painting in the April issue of "American Girl," a popular nationwide magazine for teen-age girls, particularly Girl Scouts. She painted the original 8 x 10-inch tempera painting of a tree in seventh-grade art class under Mrs. Brown.

Wayne Pitt, Julie McGlasson, Bill Moore, Dr. Dudley Moore and Eloise Thompson joined the Baylor Bike Cavalcade when it passed through Canyon enroute from Amarillo to Waco. The Panhandle cycling team was one of six cavalcades designed to raise scholarship funds for Baylor University. Dr. Moore is a Baylor grad and the young people were subbing for parents or other adults on the Canyon-to-Tulia leg of the trip Saturday.

Umbarger News

Art Show And Egg Hunt Winners Announced

By REBA RAEF  
HELLO, AGAIN FROM Umbarger. Well, how did you like the last Thursday? We lost a chicken house and a few shingles, here and there. Sure hope we don't have another one of those!

IN SPITE OF the rain on Easter Monday, we had our art show and egg hunt. In the art show, three prizes were awarded in each age group. The first prize in each group was a Rosary, hand made and donated by our pastor, Msgr. Schaff. Judges for the art show were, Sister Wendelina, from Hereford, and Mesdames Joe Frank and Ronald Kershen, from Canyon. Winners in the first and second grades were: first, Darron Adams; second, David Hartman; third, Joleta Adams. In the third and fourth grade division were first, Donna Wieck; second, Greg Adams; third, Frank Frische. Fifth and sixth grades: first, Edwin Wilhelm; second, Debra Hartman; third, Judy Wilhelm. Seventh and eighth grade winners: first, Linda Rameakers; second, Marcia Ferguson; third, Sharon Landemann. Ninth and tenth grade winners: first, Elaine Frische; second, Shirley Landemann; third, Donna Hartman. Eleventh and twelfth grade winners: first, Linda Thompson; second, Debbie Rameakers; third, Elaine Rameakers. Diana Adams received honorable mention and Linda Rameakers was awarded the all-around award.

ART MEDIUMS USED in the show were paintings, decoupage, wire sculpture, egg shell crafts and paper mache. Chairmen of the egg hunt were Mr. and Mrs. R.D. Friemel, and co-chairmen were Mr. and Mrs. Joe Grotegut. Mrs. Marion Hicks was chairman of the art show and Mrs. Vincent Rameakers was co-chairman. Mrs. Leonard Batenhorst was chairman of the refreshments.

THE UMBARGER 4-H club will sponsor a field trip on Saturday, May 5, to the District dairy judging, at West Texas University. Members who would like to attend should meet at the Columbus Club Hall at 9 a.m. on May 5. Each one should bring \$1.00 for lunch.

ST. MARY'S CATHOLIC Youth Organization is sponsoring a carnival on Sunday, April 29, from 1 to 5 p.m., to be held in St. Mary's parish hall. There will be assorted booths, refreshments, a raffle, a cake walk, and a door prize. All the proceeds will go to the Panhandle Childrens Home.

ANYONE WISHING to donate cakes for the cake walk should have them at the hall at 12:30 Sunday. Stuffed toys and other donations should be brought to the hall on Saturday afternoon. C.Y.O. members are asked to be at the hall Saturday afternoon to decorate the booths and make other preparations. Everyone is cordially invited to attend. We have attended the carnival that the C.Y.O. has sponsored in the past and they are a lot of fun, so let's all come out and support the kids.

THE UMBARGER

VOLUNTEER Fire Department answered two fire calls on Easter Sunday. Both of them were grass fires at Buffalo Lake. The Fire Dept. urges you to call them any time that you need help with a fire. According to the firemen, they would rather answer a false alarm than to have something burn up because they weren't called in time.

THE BILL GERBERS had almost all of their children home for Easter. From Dalhart came the Tommy Gerbers, the Jerome Gerbers, from Hereford; the Donnie Gerbers, from Amarillo; the Pat Mulloy, from Dallas; the Jim Wickes, from Hartley; and the Glen Gerbers and Linda Gerber from Amarillo.

THE ALBERT HARTMAN family. MR. AND MRS. Charley Howard had as their guests on Easter, the Bill Hicks, the Shirley Smiths and the Marion Hicks, from Umbarger; the Don Howards, from Vega; the Gene Collins, from Memphis; the Allen Hicks, from Dalhart; the Leon Sparks, from Bushland.

WE WOULD LIKE to wish a speedy recovery to Alice Koch and Mrs. Ted Irbeck, who underwent surgery last week in Nebbett Hospital.

WE HAD PART of our family home for Easter, too. Lewie, Jr., came from Pampa; Tom, came from Clovis, N.M.; Miss Elizabeth Rae, Mary Rae and Kathy Goodin, Mike and Margaret Browder and Don and children, Scott and Shanna Lyn, all came from Amarillo. Don's wife, Gracie, and Michelle were in High Hill for a reunion of the Rader family. Since Scott had his fifth birthday Sunday, we celebrated with a birthday cake and ice cream. In the evening, Marion and Sue Hicks came by for a while. The Bernard Hartmans were here after Mass for donuts and coffee. So, we had a nice Easter, too.

MRS. HAZEL FRIEMEL observed her birthday with a party in her home on Monday afternoon, April 23. Games of bingo provided the entertainment. Her guests were Mrs. V.J. Myer, Mrs. Gertrude Fischbacher, Mrs. J.T. Batenhorst, and Mrs. W.C. Janssen, Mrs. Frances Grotegut, Mrs. Aline Landemann, Mrs. C.J. Beckman, and Mrs. Conrad Westhoff. Refreshments were served to the honoree and guests by Mrs. Alice Koch.

THE POSTOFFICE, ACCORDING to Amalia I. Bracht, postmaster, will observe Postal Week from April 29 to May 5. You can get a first day cancellation on Postal People Day April 30, 1973.

IF YOU HAVE news for my column, please feel free to call me at 499-2164.

**Christopher  
REAL ESTATE**  
1518 5TH AVE. CANYON  
**655-4354**

— HELP —  
We need listings on city property. A chance to serve you is all we ask, because Real Estate Sales is our business.

**2618 12TH AVE.**  
3 B/R, neat as a pin, 1 1/2 bath, 6' wood fence, carpet (kitchen and baths) beautiful flowers and grass, no fixing needed on this used house — may we show you? Priced at \$14,900. Maximum loan available.

**3311 LINDA LANE**  
Being built by one of Canyon's most accomplished builders. Beautiful woodwork, 3 B/R, 2 bath, woodburner, 2 car, central heat and air. Sound interesting? We would be pleased to show.

**3 1/2 ACRES**  
Close to city limits. Large barn, cellar, (also 3 B/R - 2 baths). Available to show anytime.

**CLOSE TO BANK**  
No need to haul your money, try this 2 B/R across street. Be close in to downtown. 1415 3rd Ave. — \$7,000.

**EQUITY BUYS**  
Several used homes with equities from \$2,000 up—some even have 3 1/2 loans on them.

**CONVENIENCE**  
Try this 3 B/R close to shopping center, 2 blocks from elementary school. Loads of room (1700 Sq. Ft.) for only \$18,000.

**BUILDING?**  
We do have lots to build on, residential, duplexes, apts., or commercial — for a full selection see us.

**URBAN PROPERTY**  
10 minutes from Canyon or Amarillo — large older 3 B/R. Equity or new loan.

**LOANS**  
Residential or commercial, competitive rates. Come in, let us show you we are.

Jim Christopher 655-2637 or Marcia Durden 655-3228  
George Stevens 655-3740 or Sharon Brown 655-7560

**NOTICE OF ANNEXATION**

Notice is hereby given that a petition has been received by the Canyon City Commission to annex a certain area set out by the following metes and bounds:

BEGINNING at a point on the present line of the city limits 30 feet East of the Northeast Corner of Block No. 82 of Conner Addition;

THENCE East 2673 feet to a point on the East line of Section No. 33 Block B-5, H. & G. N., RR. Co., Survey Randall County Texas;

THENCE North along said section line 1112 feet to the line of the present city limits;

THENCE East along the present city limit line 1031 feet to a point;

THENCE South along present city limit line 752 feet to a point;

THENCE West along present city limit line 1642 feet to a point in the center line of 28th Street;

THENCE South 350 feet to the Beginning.

The Canyon City Commission received the petition on April 16, 1973, and on May 7, 1973 it will be the intent of the Commission to annex that area as set out by the metes and bounds.

Bob Moore, City Clerk  
3tc4

**NOTICE TO CONTRACTORS**

Sealed bids for furnishing and installing water and sewer mains and appurtenances for the City of Canyon, Texas, will be received by the City Manager at City Hall, 1600 4th Avenue, Canyon, until 7:00 P.M., May 7, 1973, and then at 7:00 p.m. bids will be publicly opened and read aloud at the Canyon Community Center.

Plans, specifications and bidding documents may be secured from the office of the City Manager, City Hall, Canyon, and Bill R. McMorris and Associates, Inc., 6300 Canyon Drive, Amarillo, Texas.

Bob Moore, City Clerk  
2tc4

Merle Strickland, deputy sheriff here, was presented an engraved pen set Monday by Amarillo Police Department officials in recognition for his help in training a new polygraph examiner for the APD.

**Deputy Given Police Thanks**

Randall County deputy sheriff Merle Strickland was presented Monday morning with a pen set by the Amarillo Police Department in recognition of his work as sponsor for an intern polygraph operator.

Strickland was presented the set by Amarillo Police Chief Paul Hulsey.

The Randall County deputy has for six months been sponsor for an Amarillo Police Department policeman who last week received his license as a polygraph operator.

As sponsor for the policeman, Strickland, a licensed polygraph operator himself, was expected to work with the intern on any polygraph testing.

The internship program is an extension of the weeks long course of instruction for polygraph operators at Texas A&M University.

Strickland has been a polygraph examiner since the early 1950s, when he worked for the Amarillo police department.

He joined the Randall County sheriff's office in 1957 and is polygraph operator and jailer here.

**Scouts To Conduct Clean-up Campaigns**

More than 1,000 Boy Scouts of America from throughout the area will take part in Keep America Beautiful Day this weekend when they invade three

recreation sites, including Buffalo Lake and Conner Park in Canyon.

Scout spokesmen said 36 troops would be working on the

west side of Buffalo Lake, 26 troops on the east side, and 12 troops at the south end.

An additional five troops will concentrate on Conner Park.

At Buffalo Lake, the scouts will clean up the area, trim damaged trees and work with the undergrowth in an effort to beautify the site and to provide cover for animals and waterfowl. The projects are intended as conservation measures as well as improving physical appearance.

The various troops will begin arriving to set up their camps on Friday afternoon with clean-up chores scheduled for Saturday morning.

On the night of arrival, supper will be prepared and troop campfires held.

The third project will be at Rita Blanca Lake near Dalhart where more than eight troops from that area will conduct similar operations.

**Women Tracksters Set State Meet**

State finals in women's track will be held Saturday at West Texas State University.

Women participants will come representing 14 universities in the state to compete for a chance to represent their schools at the national finals championships in San Francisco.

Eighteen women students from WTSU will compete in the Saturday meet.

Field events will begin at 9:30 a.m. at the WTSU track field, running events will begin at 10 a.m. and the finals will begin at 3 p.m.

Among those representing WTSU in the meet will be Jerry Brockman, high jumper, Jane Eyer, who runs the mile, and Canyon's Joy Williams, who runs the 440 and the mile.

Among schools participating will be a team from Texas Woman's University, national champion two times of the past three years.

Other schools with teams competing will be Texas Tech, Ranger Junior College, Tarleton State, Texas A&I, Baylor, North Texas State, Texas A&M, Southwest Texas State, Sam Houston State, East Texas State and Lamar University.

Miss Mary Hill is WTSU women's track coach.

(Continued from Page 1)

"I'm not against any road in the county being fixed," she said. "I just say we have a need and I think our need is as great as anybody's in the county."

Mrs. Patterson vowed to return to commissioners on May 7 with tax figures to support her position.

Later in the Monday meeting, commissioners reiterated their policy concerning the paving or surfacing of the roads.

Fletcher said he believes the road in his precinct should be the first priority for surfacing when the county can afford to surface roads.

Commissioner Paul Lindsey said he believes the commissioners are justified in maintaining a policy that a road such as Hope Road can be paved if residents along the road will pay half the costs.

In other business Monday, commissioners adopted a resolution allowing Randall County employees to join the Amarillo Federal Credit Union.

Employees may join pending approval of the resolution by the Credit Union's Washington office.

Two officials of the credit union, which is insured by an agency of the federal government, appeared before commissioners two weeks ago offering their services for county employees.

Commissioners also approved the purchase for the sheriff's office of \$900 worth of riot control equipment, including tear gas, irritant gas, grenade launchers and a riot shotgun. Criminal Justice council funds will pay all but \$134 of the equipment costs with the county picking up the rest of the cost.

Charles Fritch, who handles the county cancer insurance coverage, told commissioners a \$100,000 limit on cancer coverage has been lifted by his company and there is now no limit to the coverage available under the insurance program for county employees.

Justice of the Peace W.A. "Bill" Wilson told commissioners the courthouse building suffered roof damage last Thursday when high winds toppled the sheriff's office radio tower. He said county insurance should cover the damage costs.

**Trials Set Here In Docket Call**

More than two dozen cases were set for trial during the summer and fall months Monday during 47th District Court docket call here.

Dist. Atty. George Dowlen said among those cases set for trial were cases involving Ernest James Hayden and Euell Koslo Collins, charged with the armed robbery of a South Amarillo Toot 'n Totum.

# Building Trades Class Turns Boys Into Men And Craftsmen

Editor's note: (This is the fourth in a series of articles regarding the vocational educational programs offered by Canyon High School. In previous editions, Office Education, Auto Mechanics and Cosmetology have appeared. Articles dealing with Agriculture and Homemaking will appear in future editions)

David Williams works on an overhead cabinet while Richard Phillips operates a drill on a counter top. The building trades students are helping remodel an older home located on 4th Avenue across from West Texas State University.

Joe Moss, with hammer, and Randy Abbott are two other members of the Canyon High School building trades class now involved in remodeling a Canyon house.

John Denton, Gary Bednorz and Mark McGaha, members of the high school building trades class, are shown working on an upstairs ceiling at the house now being remodeled by the class.

Painting is one of the phases of construction learned by students of the Canyon High School building trades program. Here, Wayne Todd and Jamie Wrather get in some practice with brushes at the class shop in downtown Canyon.

The Building Trades Department of Canyon High School has an enrollment of 24 students divided into two 3-hour classes.

Combined enrollment consists of 17 juniors and 7 seniors with 13 students attending morning classes and 11 attending in the afternoon.

Harold Hagemeier, a veteran in the field of construction, instructs the classes in all phases of construction. This includes everything from small wood products to the construction of a modern house.

Hagemeier, who has an architectural degree from Texas A&M, is in his third year with the program, which is also in its third year.

The classes meet daily for the three hour period. Their shop is located on the west side of the square downtown but much of their work is on-the-job at various locations.

Last year, the classes built a three-bedroom brick veneer house in the 1100 block of Brookhaven and sold it for about \$28,000.

Another house has been started this year in that same block but bad weather and earlier projects have kept work at a minimum. "We may not be able to finish it this year," Hagemeier said.

In the first year for the course, students built two portable classrooms at Rex Reeves Elementary School.

Many smaller projects, especially cabinet work, keep the students busy and learning when no major projects are under way and when bad weather keeps them inside, said the instructor.

The classes are now in the process of remodeling a residence in Canyon. Such projects are done for the public at a nominal charge, Hagemeier said. "It is not a profit making thing but any money we receive is put back into the program for tools and material," he added.

The classes also offer for sale a variety of smaller items such as gun cases, cabinets and book cases. These may be seen at the shop in downtown Canyon.

Bird houses and bird feeders and dog houses are other small items available from the class shop.

The smaller projects also serve to teach the students the basic fundamentals of building, such as sawing, hammering, squaring and fitting joints, said Hagemeier.

According to the instructor, the boys learn all phases of the construction business, including basic wiring and plumbing.

The shop, which contains about \$10,000 worth of tools, was described by Hagemeier as "one of the best equipped trade class shops in the Panhandle."

After starting with the simple cabinet projects and learning the basics, the boys move up to the more elaborate work. According to Hagemeier, when the student graduates from the course, he should be able to go out and succeed in the construction world.

"It prepares the boys to enter the construction trade but I don't expect all of them to do it," the instructor said. About 70 percent of the graduates from the first two years entered some phase of the construction business, he added. "Fifty per cent would be good." Last year, 11 of 13 took advantage of their training.

Hagemeier said students enrolled in the building course showed exceptional interest and that many had also improved other school grades since beginning the trade program.

The instructor said there were many advantages in taking the vocational course even if the student did not expect to become a craftsman. He cited the experience as possibly being helpful even if only used to repair or improve their own homes. "You know how much it costs for plumbers, electricians and carpenters."

For those intending to go out and make a living as a craftsman, Hagemeier noted that few opportunities are open for young men just out of high school to earn as much as \$2.50 to \$3 per hour. These boys will be able to do that, he added.

Hagemeier cited one case of a former student working his way through college as a carpenter. Another graduate went straight from the class upon graduation and built a house. "He was superintendent on the job," the instructor said.

One former student, Rick Edmondson, has his own house remodeling business in Canyon. "He's doing a fine job," his

former instructor said.

Edmondson said this week that he was totally sold on the course. "I sure do believe in it," he said. "If a boy doesn't want to go to college and have a desk job, it's the thing."

The former student cited Hagemeier as "a great man and teacher" who often went out of his way to help people, especially "if they wanted to learn."

Edmondson went on to say that he greatly appreciated the course and that should he ever have a son, he would want him to enroll in it.

Working out of his home, the former building trades student also constructs additions to houses and builds cabinets. This is in addition to general remodeling.

Aside from learning a trade that might one day earn them a profitable living, the building trade course also has several side benefits, said Hagemeier.

Boys enrolled in the course are brought in contact with responsibility and learn leadership, he said. The group conducts leadership courses and the senior students are depended upon by the instructor to help the newer members of the class. Each boy has a different leadership job each six weeks, Hagemeier added.

"We try to create in a boy a dignity for the world of work," the instructor said. He added that the course is designed to make the boys proud to be a part of it. "You'd be surprised at the pride shown by the boys, especially when they finished the house. They were as proud as anybody you have ever seen."

According to Hagemeier, the youth of today shows that they "are made out of the right stuff" if given the opportunity. He said too many people did not give the young people enough credit. He said his work with the students made him feel that he was accomplishing something.

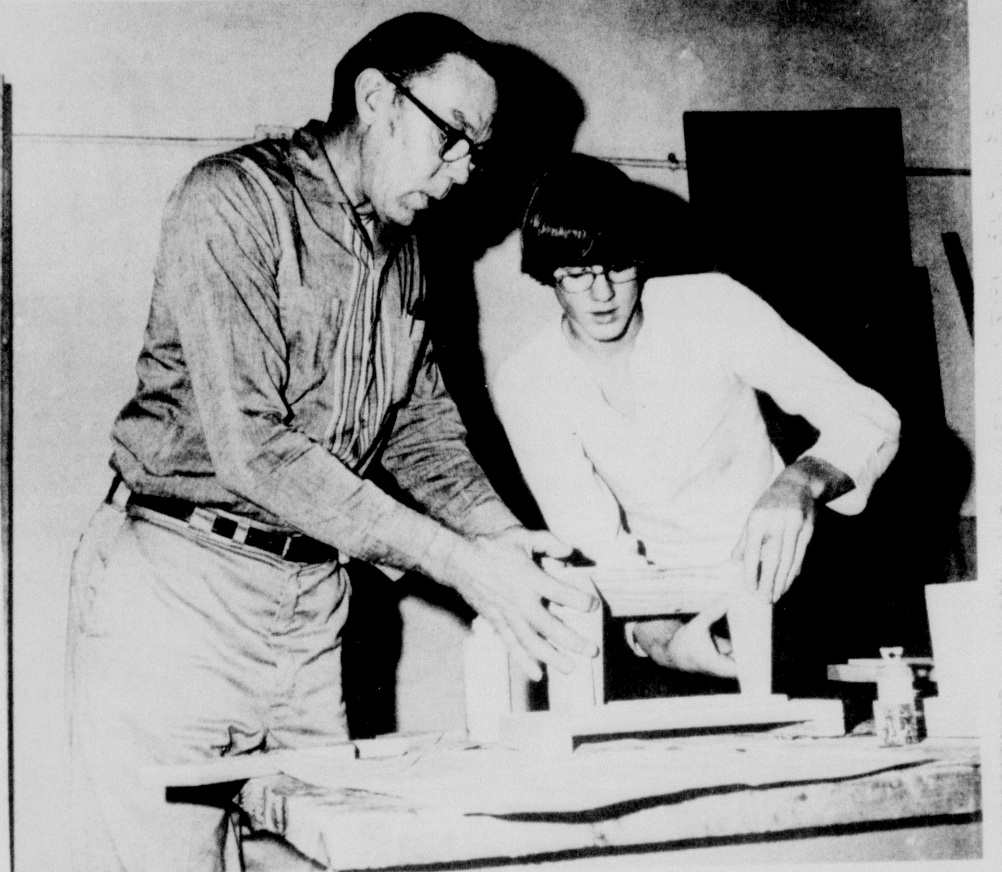

Of the building trades and other vocational programs, the instructor said, "I am completely sold on it. It's the greatest thing that ever happened."

Hagemeier said the field of education is beginning to lean more to the vocational courses that will allow students to go out into the world and make a living. He pointed to the need to prepare the student who might not otherwise have a chance to learn, especially the boy who worked well with his hands but who might not be qualified for many other tasks.

The instructor said this new trend toward vocational courses is filling a need for some students that past educational systems could not fill.

Going somewhere? Or been? The Canyon News wants to know about it—an so do its readers.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

Instructor Harold Hagemeier of the Canyon High School building trades program assists student Jimmy Albertson with a small project at the class shop located on the south side of the square.

## Japanese Artist Due Here Today

Japanese artist Tenkei Tachibana and his family will arrive here today for a five-day visit and presentation of three additional pairs of his wall screen paintings.

"This will be the first time that Mrs. Tachibana, their son and their daughter have accompanied him on a visit to this area," said Dr. James P. Cornette, West Texas State University president.

It was through a friendship established between Dr. and Mrs. Cornette and the artist that his collection of about 30 wall screen paintings were donated "to the people of the United States and especially the people of Texas."

Five pairs of the paintings presently are housed at the Panhandle-Plains Historical Museum on the WTSU campus. One pair was given the Freer Gallery of Art of the Smithsonian Institute in Washington.

Dr. and Mrs. Cornette will host the Tachibanas at a dinner tonight in the Green Room of the East Dining Hall on campus.

A reception for the Japanese family will be from 2-4 p.m. Sunday in the North Art Gallery of the Panhandle-Plains Museum.

Tachibana and his family will leave Monday to attend the golden anniversary celebration of the founding of the Freer Gallery.

## Baileys Have New Baby Girl

Mr. and Mrs. Daniel G. Bailey of the Palisades are parents of a new baby daughter, Dana Charlene, born April 18 at Neblett Memorial Hospital. She weighed 7 lbs. 2 ozs. and measured 18 inches at birth.

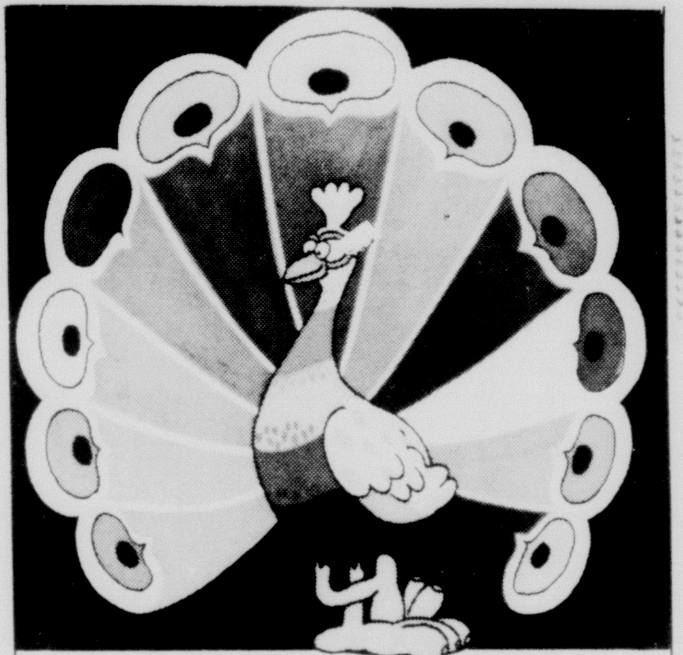

The maternal grandparents are Mr. and Mrs. Garland Turner of Palisades Park.

Mr. and Mrs. R.A. Bailey of Amarillo are the paternal grandparents.

Dana Charlene has one older brother, Brent, age 2½. Their father is employed at Furr's, Inc., in Amarillo.
